# S.S.S. CURES MALARIA

Malaria is due to impurities in the blood which destroy the rich, healthful qualities of the circulation, and reduce it to a weak, watery fluid. The body is then deprived of its necessary nourishment and strength, and is unable to resist the countless disorders that assail it, and the general system suffers in consequence. The appetite fails, digestion is weakened, chills and slight fever are frequent, while the sufferer loses energy and ambition. Boils, skin eruptions, and some times sores and ulcers follow when the blood becomes deeply polluted with the malarial germs. Both a tonic and blood purifier are needed to cure Malaria, and S. S. S. is best fitted for this work. It is the most perfect of all blood purifiers and at the same time an invigorating, healthful tonic. S. S. S. goes down into the circulation, and removes every trace of impurity or poison, and gives to the blood the health-sustaining qualities it needs. It cures Malaria thoroughly and permanently because it removes from the blood the germs and poisons which produce the disease, and while doing this tones up and strengthens every part of the system. Book with information about Malaria and any medical advice furnished free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

# DEFER EXHIBIT HALL OPENING

The Commercial club's scheme to open the Exhibit hall at the depot this morning has failed to materialize for the reason that in the short time allotted for collections of exhibits before the opening, an insufficient quantity of fruits and other exhibits were collected. Manager Colt will have to go to Union Cove, and Elgin, to procure the best of the land, and the club will not open the Exhibit hall doors until all sections of the valley are represented in the display of fruits.

Some arrangement will have to be made whereby night excursionists and tourists can see the display. By the maintenance of lights until after the train arrives in the evening, this will be made possible. A great per cent of the colonists pass through La Grande at night, and but few of them come in sleepers. The rest are anxious to find something to divert their attention, and when the train reaches here at 10 o'clock in the evening, a large portion of them are invariably astray, and the valley will profit by showing them the display at night.

The hall will be opened within a few days.

# MORE JOIN THE LINE-UP

The line-up has suddenly been augmented in size and on the eve of abandonment will be even additionally increased. Nine members from Wallowa county joined the line-up last evening and when the trains arrive tonight from Elgin, bringing the Wallowa county contingent, it is expected that at least a dozen more will spend the night in waiting for the opening of the filing books tomorrow morning. There are now 42 in the line-up and it will certainly reach the 50 mark tonight.

It is expected that the line will file into the land office tomorrow at 9 o'clock without the least difficulty. A large portion of the line have established new marks for long waits. They have been there for 19 days, a long time to occupy one chair.

While there will be no visible disturbance, there will be litigation in sufficient quantity to keep the land office officials busy for some time to come. There are squatters in great numbers on the tracts and it is said that many of them are not bona fide ones, either.

**Improvements for University.**  
Portland, Sept. 14.—At a meeting of the board of regents of the State university held in this city yesterday, a general raise of 25 per cent in the salaries of the faculty from President Campbell down, was voted. The most important item of business in addition to this was the approval of the recommendation of the land committee that about 35 more acres of land adjoining the present campus to give the university more room. It is estimated that the additional land will cost about \$30,000.

**Dr. Fuller Meets With Accident.**  
Friday evening at Richland, while attempting to stop a horse on the race track, Dr. Roy Fuller was struck by the horse and knocked to the ground and before he had been rescued, another horse jumped on the prostrate man and seriously and perhaps fatally injured him. He was placed upon a stretcher and taken to a private house where he was attended by Dr. Sanders. He was hurt internally in the region of the kidneys, and several ribs were fractured. He was also bruised in the region of the heart. Yesterday morning he was conscious and could speak, but was in a very critical condition.—Baker City Democrat.

**New Operators in Pendleton.**  
J. L. Whiting, who has been on the "split" trick as operator at the O. R. & N. offices in this city, is now working the last trick from 10 p. m. to 1 a. m., and E. D. Shepherd is working the "split" trick. Mr. Whiting takes the place of Alfred Noth, who is now ticket clerk at the Walla Walla offices.—Pendleton East Oregonian.
