## STOCK SHOW THIS WEEK

Portland, Sept. 21.—(Special correspondence.)—The Portland Country Club & Livestock association begins its initial meeting today. The exhibit of livestock surpasses that shown at the Lewis & Clark exposition, and the races will be the best ever witnessed here. The great mile track just completed at a cost of \$27,000, the immense barns and steel frame amphitheater, give the grounds and surroundings an appearance of solidity and permanence. The track is considered the best drained that has been built in this part of the United States. There is a steam railroad line into the grounds, in addition to a splendidly equipped electric line—in fact, the latter has been tested and found capable of handling 45 cars at one time. Together these lines will relieve the grounds of 7000 people within the first 15 minutes after a meeting.

No event has taken place in the last year that will be more beneficial to the Pacific northwest than the visit of the delegates in attendance upon the national convention of the American Association of Traveling Passenger Agents. These men have traveled through Washington, spent three days thoroughly investigating Seattle, where they held their convention, visited interesting points on the Sound; then they came to Portland, where they spent a day before making the Columbia river trip. Here they disbanded, going to many points in Oregon, Washington and down through California. The Traveling Passenger Agents meet thousands of people every year, and influence a vast amount of travel.

The Missouri River valley is one of the most successful hog sections of the United States, and corn has always been the basis of this industry. Today one of the most popular stock-fattening foods in the Missouri river region is a mixture of alfalfa meal and sugar beet pulp, which is produced in Colorado. Advances recently received from that state show that numerous new mills are being erected, and certainly the Pacific northwest should give this industry every possible encouragement, and this is particularly true since the great international concerns like Swift & Co. and others have decided to locate upon the Pacific coast, and they are now spending millions of dollars in building their plants at Portland. A good, reliable fattening food equal to corn would make this section of the United States the very richest portion of our great republic.

The Hood River Apple Growers' association has just closed a contract for 29,000 boxes of the growing crop, and now has under discussion the sale of 150,000 additional boxes. This will be good news to all the fruit-growing sections of the northwest.

### THE RAILROAD FIREMAN.

With tireless hands he feeds the coal in the thundering monster's maw, And hour by hour he trusts his soul to the God whom he never saw, And hour by hour his life depends on the care of the other man Who, scanning the track where it slopes or bends, keeps vigil as best he can.

Swiftly the miles go flitting away as the tireless monster speeds, And bravely he labors as best he may, giving the food it needs; And if dangers rise while his eyes are dim as he looks in the fiery glare He must trust to the skill and the care of him who watches beside him there.

He may not sit with his arms at rest and watch for the danger sign, He may only hope that they do their best who are guarding the line; Hour by hour his work is done and hour by hour his fate Depends on the care and the call of one who may give him a word too late.

The hiss of steam is the sweetest song that ever he hears or knows, And in every throb as they rush along the worth of his toiling shows; With tireless hands he feeds the coal in the thundering monster's maw, And hour by hour he trusts his soul to the God whom he never saw. —E. E. Kiser in Chicago Record-Herald.

### Better Than Spanking.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful instructions. Send no money, but write her today if your children trouble in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

### Excellent Health Advice.

Mrs. M. M. Davison of No. 373 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Newlin's drug store. 50c.

### Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. A. T. Hill, druggist.
