Paint in the Fall

THE WEATHER is more settled then.

There is less dust, less heat, not so many rainy, cloudy days and the flies, bugs, etc., are gone.

THE LUMBER is drier after the summer's heat than after a winter's

dampness. The paint will take better hold of the wood and dry hard and smooth.

THE PAINTER is not so busy as during the "Spring rush," and can give the work better attention and allow more time for each coat to dry and harden.

THE PAINT is the essential feature at any time of the year

and should be carefully considered. "Hand Made" mixtures or cheap products are a waste of time and money.

THE PROTECTION is the primary object of painting and in the winter your house needs

protection the most. "High Standard" paint not only gives the best but the longest protection of all paints.

Don't do any guessing—just insist on "High Standard" Paint—and there will be no regrets.

There are "Little Blue Flag" Paints and Varnishes for your house, barn, wagons, carriages, floors and wood-work. Let us explain to you.

MORE ROAD DEVELOPMENT IN OREGON

DAVID ECCLES STARTS INSPECTION TOUR TODAY.

In Company With F. S. Bramwell, the Sugar King Takes Tour Through Harney County—Evident That the Sumpter Valley Road Will Be Continued to Reach Proposed Gould Line—Eccles in La Grande Yesterday—New Road a Feeder.

Preliminary inspection of a new road through southeastern Oregon, was commenced this morning when David Eccles, the sugar king and owner of many small railroads, in company with F. S. Bramwell of this city, started from Baker for Austin, the terminus of the Sumpter Valley road, from where they drive by rapid stages through the wilds of Harney county, a distance of 300 miles. The proposed road will be a connecting link between the new Harriman road in central Oregon and the proposed Gould transcontinental line. When completed—for it is practically certain that it will be—it will run through Harney county, touching Nevada, though the southern terminus is not yet announced. It will be a continuation of the Sumpter Valley road.

Personal Inspection Tour.

Mr. Eccles will travel by stage day and night until Wednesday, when he and his companion hope to reach their destination. On the return, a more careful inspection of conditions will be made and when the trip is finished it is more than likely that Mr. Eccles will be in position to announce that the extension will be built.

A Great Feeder.

Such a road, approximately 300 miles in length, will tap the now isolated region of southern Oregon. It will be a monster feeder to the transcontinental line, with which it is to connect, and will be a boon to the development of that region of the state.

Eccles Here Yesterday.

David Eccles was in the city yesterday, arriving on the morning train and taking his departure in the evening for Baker City. While here he arranged with Mr. Bramwell to accompany him on the tour, which will require about two weeks' time. Mr. Bramwell left this morning expecting to see some country which heretofore has been seen on paper only.

Gold Tooth for Don Fulano.

Yesterday afternoon an unusual piece of work was done by Dr. Ellis, owner of Don Fulano, the educated horse. A gold crown was placed upon his brittle tooth. Dr. Ellis is a veterinarian by profession and keeps his wonderful little animal in good trim.—Pendleton Tribune.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. A. T. Hill, druggist.

Notice to Creditors.

All who are interested are hereby notified that the drug stock of the Newlin Drug Co., having been disposed of by me, and the affairs of that firm up to the 8th of September, 1908, now being wound up, all bills and accounts against the Newlin Drug Co., contracted previous to that date, are now due and collectable at the Newlin Book and Stationery Co. All persons so indebted are requested to call there at once and make settlement of their accounts. MRS. F. NEWLIN.

How to Get Strong.

P. J. Daley, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it is my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Newlin's drug store.
