NEW OFFICERS INSTALLED.

Neighborhood Club Met Yesterday Afternoon—Vacation Ended.

Vacation season is over for the Neighborhood club. The retiring officers, with Mrs. A. T. Hill as president, entertained the club yesterday in the old Elks' hall, and gracefully relinquished their authority to the officers for the new year, Mrs. F. S. Ivanhoe as president.

Following the business session, which was largely arranging for the entertainment of the state federation, which meets in this city in November, refreshments were served and a most enjoyable afternoon was the result.

The Neighborhood club starts off the new year under the most favorable circumstances. The past year was one of pleasure and profit and the large membership enters with enthusiasm on the new year's work.

MORRISON CASE DRAGS.

Jury Excused While Attorneys Wrangle With Legal Points.

The Morrison case is progressing more slowly than at first thought would be the case. This afternoon the jury was temporarily excused while the attorneys wrangled over the admission of a certain deposition. The state maintains the lady making the deposition is too aged and infirm to appear in court, while the defense is putting up a strong fight to prove she is not. Today there is no indication when the case will go to the jury.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing hope to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why try "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

WAUKESHA

Business Men! Working Men! Farmers! New Town of Waukesha, Lincoln County

LOCATED ON THE MAIN LINE OF THE GREAT NORTHERN RAILROAD, 76 MILES WEST OF SPOKANE.

In the Heart of the Big Bend wheat Belt Nearly 13,000,000 bushel of wheat raised in Lincoln Co. in 1907

There have been no failure of any town along this line between Spokane and Tide Waters. We have a chain of five lakes and a water fall of 118 feet, generating from 10,000 to 15,000 horse power. We are in the heart of one of the best wheat sections of Lincoln county, with an average rainfall of 17 inches, and a deep, dark soil, insuring an average crop every year.

This is a good location for any kind of business. Now is the time to invest. This is no speculation—it is a real estate investment. We have the best oil and gas indications in the Northwest. Drills down at a depth of 300 feet struck a 10-foot vein of coal, underlaid with a strata of fire-clay, showing undisputed evidence of oil and gas. A Standard drill, capable of drilling 5000 feet, arrived in Spokane Thursday, September 3, and is on the grounds and in operation inside of a week. Six passenger trains pass Waukesha daily. One of the largest sanatoriums in the Northwest will be started in spring on our Medical lake, the waters of which are highly mineralized.
