CHERRY'S NEW LAUNDRY.

A Salem business house is willing to subscribe \$500 to secure pure mountain water for that city. It will not be necessary for any one to subscribe anything. Just put the matter squarely before the people in a careful business way, and they will vote the bonds, says a Salem paper.

MOVE ON PROHIBITION

(Continued from page 1.)

The exhibition of brewing machinery consists to a large extent of American products, and several great American breweries have entered prize horses in the brewery horse show.

The scientific aspect of brewing will be gone into with characteristic Teutonic thoroughness. The program calls for the passing of an unusual number of papers.

President A. Sauer of the New York scientific station for pure products, and Professor Weyer, of the Prussian Institute for the Fermentation Industries, will give the discussion on "How can an international agreement be come to for combating the exaggerations of the total abstinence party?" Dr. P. Martens, of New York, will also read a paper.

UNION OIL PROMOTERS

demand for more is reported.

The Mammoth company is composed of some of our leading citizens and business men, and a few from other places, and they are confident that they have bright prospects in the Malheur country, which experts agree has first-class indications of oil.

The Mammoth company will be prepared to go as deep as is necessary to demonstrate whether oil is to be had or not, and the chances seem better than even that they will strike it.

Several companies are operating in the Malheur oil fields and the Mammoth will now join the forces in an endeavor to strike the basin of oil which all seem so certain exists in that country.

Grand Jury Adjourned.

Because there is a Seventh Day Adventist in the grand jury the jury has been temporarily adjourned with orders to appear for work next Monday morning. The lone man was displeased with the prospect of having to work on what to him is Sabbath—Saturday—and the court excused, or rather adjourned the body until Monday morning. No reports were made last night before adjournment was taken.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." A. T. Hill, druggist.
