AT THE PLAYHOUSES.

At the Pastime.

The Pastime was crowded to the limit last night to see one of the best bills this popular playhouse has shown. The feature film, The Prince of Wales at a celebration in Quebec, is a fine film, and shows the warships of several nations; also shows Vice-President C. W. Fairbanks speaking to a large audience. The balance of the program is comedy, including The Two Models, The Troublesome Carbuncle, The Country Lad and A Pair of Kids.

The comedy is exceptionally funny and lovers of comedy should not miss it. Mr. Robert Burton sings "The Boys in Blue Are Turning Gray" and "In a Little Cozy Flat," which are well received. The illustrated slides are highly colored. Matinee today at 3 p. m. Admission 10c; children 5c. Performance begins tonight at 7:15 sharp. Remember tonight is the last time these comic films will be run. Don't miss them.

Crowds at Scenic Doors.

Great crowds visited the Scenic theater last evening to see the high class comedians now on the boards at that place of amusement. The picture attractions are up to par and the special vaudeville attractions are such as the most sober spectator cannot help but be pleased with. The present program can be seen for the last time tonight, and the manager looks for a repetition of his Saturday night crowds this evening, in view of the fact that his program is stronger than any time heretofore.

County School Superintendent E. E. Bragg is confined to his home today by illness.

Today ends the second week in court. It begins to look as though this will be the longest term for several years.

Mr. Bushnell of Seattle, is in the city today visiting his cousin, Mrs. W. M. Ramsey. This is Mr. Bushnell's first visit to the Grande Ronde valley, and he states he is most favorably impressed with our city and with what he has seen of the valley.

TOOTHLESS MEN AND WOMEN.

New Chance for Demonstrators, the Latest Calling.

One of the newest professions for women, that pays well, and which is growing enormously in the numbers of those employed, is that of "demonstrator" and every big department store has scores of good-looking young women employed to "demonstrate" something, says an exchange.

The growth of the "profession," if it can be so called, was manifested yesterday in an advertisement in the newspapers which shows the beginning of a new class of these publicity promoters, and would seem to indicate that there is no limit to the nature of the work. The ad in question read:

"Men and women without teeth wanted; paid by the hour. Friday, 3 a. m. to 12 m. X. Y. Z."

The persons engaged, it is said, will sit in a store window, exhibit the mouth without Dr. Forcep's teeth, and

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc. If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out. You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to every last, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
