 We occupy two floors 65 by 100 feet, have a \$20,000 equipment, employ a large faculty, give individual instruction, receive more calls for office help than we can meet. Our school admittedly leads all others in quality of instruction. It pays to attend such an institution.
 "Said a Business Man: "Keep hammering away everlastingly on thorough work. It will win out in the end." Said an Educator: "The quality of instruction given in your school makes it the standard of its kind in the Northwest."

How to Get Strong.

F. J. D... of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, is now much benefit from Electric Bitters. I feel it is my duty to tell those who need a tonic and strengthening

medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Newlin's drug store.

ELGIN WOMAN AND CHILD SUFFER PAIN

WOMAN'S SCALP SHORN OF ITS HAIR BY HOUSE BLAZE.

Mother and Baby Caught in Flames of Burning House Near Elgin and Experience Trying Time in Escaping—Celluloid Comb in Hair Ignited—Face Badly Hurt.

Mrs. Putnam Yeck lies in this city at the home of relatives in a burned and painful condition, as the result of a fire which destroyed the Yeck home on Gorden creek Wednesday noon, says the Elgin Recorder. The hair is burned from her head and the scalp is seriously and painfully burned.

Wednesday noon Mrs. Yeck was at home and alone with her baby, which was lying on a bed in the sitting room, and in which room she had placed some wet blankets around the stove to dry. Closing the door of the sitting room she went into the kitchen to attend the household duties and after many minutes had passed she discovered that the house was on fire. Immediately she rushed into the room where the baby had been left, to find the entire room a mass of flames, which had started from the stove igniting the blankets. She grabbed the child, together with the bed clothes under it and started to escape from the room, but stepped on one of the quilts and fell into the burning blankets. A large celluloid comb, which she wore, immediately caught fire, and before she could save the child and protect herself, the hair was burned from her head and her scalp badly burned. She received various other burns, but none so bad as those of the scalp. Dr. Writing was summoned and after rendering what surgical assistance was possible, the mother was brought to this city. At last reports she was getting along as well as could be expected, and her recovery is expected.

Everything that the family possessed was destroyed and they have the heart felt sympathy of the community in their misfortune.

Steam Shovel at Work.

A crew of men and a large steam shovel was brought to Elgin this week and was sent down the river to a point about seven miles below the city, where a large embankment is to be moved. Since the new road was constructed a slide occurred at a point which has been causing the company no end of worry and several thousand dollars. The entire point of a hill at that place seems to be sliding towards the big track, and it is hoped to avoid a big slide by removing a large portion of it.
