Pride defeats its own end, by bringing the man who seeks esteem and reverence into contempt.—Holingbrook.

The daily showers rejoice the thirsty earth and bless the flowery buds.—Prior.

TAFT WILL CARRY STATE

Based on impartial estimates furnished by correspondents of the Portland Oregonian from every county in the state, with the exception of Klamath and Lake, Taft will have a plurality of 19,220. It is likely to be more rather than less. The estimated vote in the two southern Oregon counties was made on the basis of the vote for congressman last June.

The estimate giving Taft 19,220 in the state is considered an extremely conservative one. In computing the probable plurality of the republican nominee the minimum estimate or the average of two conflicting figures was usually taken. In several counties, however, the independent estimate of the correspondent was accepted. Taft's estimated plurality in Multnomah county is given at 7500, while it is predicted he will have a lead over Bryan of 11,720 in the 33 other counties of the state.

Party Has Not Lost Ground.
The reports very generally indicate that there is no defection in the ranks of the republicans this year. Considerable apathy, however, is reported to exist among the republicans in nearly every county of the state, and the only fear of a reduced majority for the party's nominees is said to lie in the allure of the party workers to get the vote out on election day. The Oregonian's correspondents are agreed that Taft will lose the votes of some sectors in many counties who supported Roosevelt four years ago.

Bryan's vote in the state will be increased slightly by the return to the party of those democrats who voted for Roosevelt four years ago in preference to Judge Alton B. Parker. He also will have the support this year of a great many democrats who remained at home in 1904 and did not vote at all. These additions will have the effect of increasing the democratic vote of Oregon without detracting greatly from the normal republican vote of the state, which will be polled by Taft.

Union Vote for Nebraskan.
The only reported defection from the republican ranks in this state is that of the men of the labor unions, who are openly supporting the Nebraskan. However, it is generally known that fully 60 per cent of the trades unionists in this city who are taking a hand in politics, are democrats, so that their support of Bryan in the coming election will not heavily diminish the republican vote.

In 1904 the socialists polled 7619 votes in the state. It is generally admitted that they will poll a heavier vote next month, possibly aggregating 10,000. This increased vote will be taken almost entirely from the democratic ranks. At the same time reports from the outlying counties of the state are to the effect that in consequence of the vigorous local option campaign in this state last spring, followed by the visit here of the prohibition nominee during the campaign the cold water party also will increase its vote, which in 1904 was 3806. It will draw any increase in its vote undoubtedly from the republicans so that if the increase in the vote of the socialist and prohibition parties is substantially the same, the vote of the two old parties will be decreased proportionately and neither will have the advantage.
