

A Musical Farce.
 In "Ma's New Husband," which comes to the Steward Monday, November 9, playgoers and music lovers have in store a rare feast of comedy and song. The book is by David Edwin, who has several farce successes to his credit, the music and lyrics are by the well known song writer, George Fletcher. This mirthful musical farce offers light entertainment of a breezy and refined character, and it has been filling theaters to the overflow for the past two seasons in

the principal cities in the United States and Canada.
The Scenic Tonight.
 The extra large crowds at the Scenic last night demonstrate the popularity of that playhouse, notwithstanding that there were many other attractions in full swing about the city. The vaudeville attractions, consisting of Miss Brandon and Walter and Murray pleased the house last night. New stunts are on the board for tonight and every one of them are high class

New Program Tomorrow.
 This is the last opportunity to see the prevailing program at the Pastime theater, as a new program goes on tomorrow. The special features of the Pyle Cameragraph company will end tonight. The patrons of the theater who have not seen the existing program should go tonight, or they will miss something good.
 It's no use denying sin's service when you're enjoying its salary.

NEW OPERA HOUSE FOR PENDLETON SOON

That an opera house to cost not less than \$30,000—an opera house in which the best companies in America can play and feel like returning again—an opera house in which the people of Pendleton can enjoy an evening without feeling that they are in a "snore" and "dirt" place—of an opera house which will be a credit to Pendleton or any other city—is coming, and that right soon, was the statement of Manager C. J. Mitchell, of the Oregon theater, yesterday afternoon, upon his arrival from Dayton, Wash., where he has leased the first-class little playhouse to manage in connection with his work in this city, says the Pendleton Tribune.
 As a location for the proposed new opera house, Mr. Mitchell has his business eye upon the property on the corner of Main and Water streets, which is now owned by the K. of P. lodge. That Mr. Mitchell considers this one of the finest places imaginable for an opera house. There has been some talk of a new lodge hall being erected there, but owing to the fact that an opera house would be so much better as a business proposition on that strategic spot, Mr. Mitchell thinks that the location can be secured.

Wenaha Grazing Season Closes.
 J. M. Schmitz, supervisor of the Wenaha national forest, announced that Saturday was the last day of the grazing season for cattle, says the Walla Walla Union. In commenting on the subject, Mr. Schmitz said: "There are at the present time very few cattle left on the reserve, and I am confident that owners of those few are fully cognizant of the grazing rules and regulations, and will round up their cattle at an early date. The United States circuit court of appeals has decided that excess summer stock on the reserve out of season are trespassors and can be dealt with as such. So far the cattlemen have been quite prompt about getting their stock off by the close of the season, but in several instances the sheepmen have had to be stirred up regarding the matter."

PREPARING FOR PENDLETON.

Coach McKim is Putting the Boys Through Some Hard Practice.
 The game with Ontario on Saturday showed the weak places in the Baker City team and Coach McKim is putting the boys through some hard drilling to prepare them for the game with Pendleton on November 13. This will be the hardest game of the year, but the boys are buckling down to work with a determination to let nothing stop them in their march to victory. The second team has several strong players and is affording some excellent practice for the first team. The old reliable plays are being perfected, and new ones taken up that are expected to be good ground gainers.—Baker Herald.

S.S.S. FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which gradually gets into the circulation because of indigestion, constipation, weak kidney action, and other irregularities of the system which are sometimes considered of no importance. This uric acid causes an inflamed and irritated condition of the blood, and the circulation instead of nourishing the different portions of the body, continually deposits into the nerves, muscles, tissues and joints, the irritating, pain-producing acid with which it is filled. Rheumatism can only be cured by a thorough cleansing of the blood, and this is just what S. S. S. does. It goes down into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every part of the body and relieving the suffering caused by this disease. S. S. S. being a purely vegetable blood purifier, is the surest and safest cure for Rheumatism in any of its forms. Book on Rheumatism and any medical advice desired sent free to all who write.
