AT THE PLAYHOUSES.

"Millionaire Tramp" Lauded.

The Boise Statesman says of "The Millionaire Tramp," which comes to the Steward on Friday, November 20: Elmer Walter's comedy drama, "A Millionaire Tramp," played to a large house at the Pinney theater last night. The cast, though not a large one—was well chosen and with one or two exceptions played their roles well. Generally, the "Catalagoers" played themselves as phased with the bill.

Duke Volle, as Jay Pierpont, the tramp; Elsa Minet, as Cynthia Trumbull, a temperance advocate, were clever, while Lorenzo Muzsar, as Dr. John Staley, the village physician, villain and "dope" fiend, was much stronger than such characters generally with this class of productions.

Boise people were especially pleased with the work of James C. Cheesewright, a former Boise boy, who as J. C. Wright, took the part of Abe Jones, porter at the city hotel. He is an exceptionally good buck dancer and his coon songs were good. He deserved the encores received aside from the matter of local pride.

The plot of the play is not involved but interesting throughout. At the close of the second act the company responded to an enthusiastic curtain call.

Matinee at the Steward.

Nora Shelby, the leading woman in "Texas," the famous play of American frontier life, which comes to the Steward opera house Saturday, November 21, for a matinee and evening performance, is the one actress on the American stage who has absolutely no fads. The actress who used the famous milk bath, the heroine of the tan bark story, the woman who worships an idol of Buddha in her dressing room and all the other famous stage folk who have cultivated some peculiarity or eccentricity of genius, are scorned by Miss Shelby who declares that fads are a deceit and illusion. "There is only one fad that an actress should lay down for herself and that is work," says Miss Shelby. "Life in the stage means hard work from start to finish and there is no let up. I have no time for fads, and if I did I wouldn't take up one. My principle in life is to do my very best work at each and every performance and to do this I have to always have my work before me. I don't want to appear as a preacher or an iconoclast, but I believe that the actress who pays more attention to her art and less to personal whims is the one who will ultimately top the path that leads to stardom."

The Stage Hands' Show.

Attend the Stage Hands' show November 17, at Steward's opera house. One of the features of the show will be the L. D. S. quartet and the high school orchestra. You'll laugh when you see Mr. Hew Clegg of Portland.

The Electric.

Manager Baker opened the Electric today. He spared no expense to make his house attractive and he has secured the best talent obtainable. His

film service will be found equal to any and the public is assured full amusement value for their money. It will be his endeavor to make his show a strictly clean and moral one. A show where the entire family can attend, or where the children may attend unattended.

The Scenic.

Manager Gardinier has reason to be well pleased with his present program. The assortment and arrangement is just the sort to please the entire family. The films are all bright and clear and each and every one tell a story complete in itself. Walter and Staley in their turns continue to please and when their time ends here they will have left behind them scores of friends and a reputation worthy of respect. Miss Brandon still pleases with her song and dance act, while her singing is pleasing, her strong feature is dancing.

At the Pastime.

The films at the Pastime last evening were on the spectacular order. The King's Diamond was the feature bill and was so carefully prepared that nearly nothing was left for the spectators to fill in for themselves. The costumes were beautiful in the extreme and the acting was exceptionally strong. Mr. Bernie's songs were well received and it was with difficulty that he escaped responding to numerous encores.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc. If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
