EXTRA HEAVY BUSINESS.

Fruit, Lumber and Coal Shipments Congest Local Yards.

Seldom during the strenuous three months of rushing business just passed has there been more work for the O. R. & N. at this point than today. Two switch engines are "kept on the jump" continually to keep things moving properly, and main line trains are both long and numerous.

Fruit, lumber and coal shipments are the cause of the big rush. There is a shortage of coal everywhere, even noticeable in railroad circles at La Grande. Fruit, too, has to be moved promptly. This, combined with the local freight business that is also heavy, keeps things moving lively.

Ship Car to Albina.

The remains of the George Palmer logging car which went in the ditch below Elgin recently, was sent to Albina today to be assembled, with the addition of new parts.

Christianity has lifted women to a new place in the world. And just in proportion as Christianity has away, will she rise to a higher dignity in human life. What she has now, and all she shall have of privileges and true honor, she owes to that gospel which took those qualities which had been counted weak and unworthy, and gave them a divine glory in Christ.—Herick Johnson.

WHICH BILL would you prefer to pay? A good stiff one to the doctor for curing some of your family of pneumonia or rheumatism or our modest one for the coal which would have prevented the illness? Think it over. Then give us the order for coal. Do it soon, too. Even a little chill may mean a big bill—for the doctor.
