

# ARREST BAD CAR ROBBERS

Arriving from Huntington last night with two prisoners, Special Agent E. B. Wood, of the O. R. & N., saw that they were safely locked in the Baker county jail, and turning away from the iron doors, said: "This is the time that we have two of the boldest and smoothest box car thieves that have ever operated in the state of Oregon, relates the Baker City Herald. Their names, as they give them, are James Plover and George Howell, and they are now bound over to the next grand jury under \$500 bonds each."

**Wanted for Some Time.**  
When City Marshal Brown and Deputy Sheriff Hannon of Huntington, approached a hobo bonfire Sunday and arrested two men for vagrancy, they did not know that they were placing the law's fingers on two of the most noted box car thieves that the northwest possesses. There was nothing against the two men as far as those officers at that time knew, except vagrancy and they were just in the act of turning them loose with orders to leave Huntington at once when Special Agent C. E. Wood, of the O. R. & N.,

appeared and placed a charge of burglary against Plover and Howell. They were given a preliminary hearing before a justice of the peace and Huntington and bound over to the Baker county grand jury in the sum of \$500 each. Being unable to give bond the two men were brought to this city last night and placed in jail.

As near as can be learned these men have been persistent in robbing box cars throughout this section, especially on the O. R. & N. and Short Line railways, but they have been so smooth with their work that railroad detectives have failed to locate them. Several robberies have been traced to them, but it was impossible to locate Plover and Howell, their headquarters seemingly having been at Salt Lake.

**Vacation Not Granted.**  
In spite of earnest solicitation by a committee of students and a petition bearing 350 signatures, the faculty has deemed it best not to grant a recess during the first two and one-half days of next week, as O. A. C. has done. They have, however, decided to grant a full and free leave of absence to any student making proper application. Classes will go on the same as usual, but students having excuses will not be asked to make up work missed.—Oregon Weekly.

The next Cuban revolution will be deferred until Uncle Sam's troops have departed.

### Of Interest To Women

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take and safe.

# DONATE TO NEEDY ONES

### SCHOOL CHILDREN WILL GIVE TO PORTLAND SCHOOL

Donations of Any Description Will Be Received in Public Schools Tomorrow—Programs to Usber in Week's Vacation—Football Teams Hold Scrimmage Tonight—Teachers to Baker Next Week.

La Grande school children will tomorrow turn philanthropic and give liberal donations to the Portland Boys & Girls' Aid society. Annually the last day of school preceding Thanksgiving day, is set aside for contributions, that the children may bring. It is not required for any student to give to this deserving fund, but really it is a duty which all children with comfortable homes owe to humanity. The Portland society is a deserving one and yearly takes care of two or three Union county children. Trifling donations of any description from every student in La Grande tomorrow will be a big aid for the needy institution.

### Ready for Holiday.

With the exception of the high school, the city schools will usher in a week's vacation tomorrow afternoon with appropriate programs. The high school literary societies enjoyed a program last Friday, hence the non-appearance of one tomorrow. The coming week will be a holiday period. The foreign students in attendance here will go to their homes, while many of this city will spend the Thanksgiving holiday season with friends in other cities.

### Football Team Working.

While teachers are at Baker City next week, and the students are spending the time allotted to them as they see fit, the football team will remain in training for the grueling contest of next Thursday when Cove comes here for the last game of the season.

### Scrimmage Tonight.

To execute its last practice before going to Baker City next Saturday, the second team holds a scrimmage with the regulars tonight. This is the first real hard practice for the "varsity" since the Pendleton game.

# NEW TOWN PROSPEROUS

### MANY UNION COUNTY MEN INTERESTED IN WAUKESHA.

Cove Man Returns After a Visit to the New Town in Washington, Where GB Fields and Wheat Fields Exist in Close Proximity to Each Other—Plans for an Extensive Town in the Near Future.

Cove, Nov. 18.—(Special).—James Maloney returned yesterday from a week's stay in Portland and Spokane, also visiting the new townsite of South Waukesha, in Lincoln county, Washington, in which many Union county people have recently invested. Mr. Maloney states that there is sufficient lumber on the ground at this time to build a small town, and it is expected that building will begin in the near future. November 15 was the date set for leaving the first sack of mail at the new town.

Sparks Bros., of Spokane, who are promoting the enterprise, have added 80 acres to the site, and are selling many tracts of wheat land in the vicinity.

The oil drill is working in a second well about a quarter of a mile north of the proposed town, using a crew of 12 men day and night.

No visitors are allowed upon the oil property, and no stock of the company is for sale. It is said the company is buying back the shares that they disposed of when development work started a short time ago.
