

Edison Phonographs

ECONOMY

in the purchase of holiday gifts is buying articles that will please the entire household and at the same time be of an educational and entertaining nature. Nothing fills the bill quite so well as an Edison Phonograph. We have plenty of them and a stock of Edison records to complete. Remember we sell machines on the installment plan to suit your convenience. Don't fail to see us while the lark is unbroken.

Governor Issues Proclamation.

In pursuance of a time-honored custom the president of the United States has set apart Thursday, the 26th day of November, A. D. 1908, as a day of national thanksgiving.

Therefore, I, George E. Chamberlain, as governor of the state of Oregon, do proclaim said day as a legal holiday and recommend its general observance as one of thanksgiving.

The people of this commonwealth have much to be thankful for. We are prosperous and happy, and the ills which have in the past afflicted some of our sister states, have passed us by. A beneficent providence has given us a fertile soil and a delightful and

healthful climate. Our very mountains, besides furnishing a landscape unrivaled for scenic beauty and grandeur, are clad perennially with an abundance of splendid forest and bear within their bosoms a wealth of mine and mineral. The semi-arid regions are being made to bloom and blossom as the rose, and are furnishing homes to thousands of sturdy men and women.

All these are things that make for a better and higher civilization and promise ever brighter hopes for a greater Oregon.

Let us, therefore, suitably observe the day set apart and repair to our usual places of worship, there to ren-

der thanks to the All-Wise Ruler of the universe for the manifold blessings we enjoy.

In testimony whereof I have hereunto set my hand and caused the great seal of the state of Oregon to be hereunto affixed, this 16th day of November, 1908.

GEORGE E. CHAMBERLAIN,
SEAL) Governor.
Attest: F. W. BENSON,
Secretary of State.

Church and Society Event.

Next Saturday, in the Lewis building, next door to the Pastime theater, the ladies of the Methodist church will conduct a sale for the benefit of the

church building fund. The ladies have been working for months to prepare for this sale, and have generously contributed both of money and time. There will be on sale a great many articles of fancy work. Every lady connected with the church here has furnished something for the sale, and friends all over the state have shown their interest by sending something. The ladies have not decided about serving lunch, but at least, there will be the most delicious of home-made candy on sale.

New Steel Bridge.

The O. R. & N. bridge gauge, under Foreman Dilthy, arrived last night,

and for the next month will be employed in putting in a new steel bridge across the Grande Ronde, about two miles above town. The present structure has been declared too light for the heavy loads it has to bear, and the new bridge will be much heavier. The bridge builders have just finished a job of considerable magnitude at Nolan, and when they have finished here will go to Bonneville.

Band Meeting Postponed.

Owing to the fact that several members of the band were engaged at the show, the band meeting scheduled for last night was postponed until Monday evening, at which time a general

reorganization will take place.

Must Quit Spitting.

Chief Walden was heard to remark this morning that he is going to arrest everybody who is guilty of expectorating upon the sidewalks—that is, everyone against whom proof can be obtained.
