ALL YOURS

We have several Advertising Ideas which we believe are good and will bring you results; if you care for them they are yours for the asking. THE COOK WILL BE GLAD to see some of our high grade coal carried into your cellar. Didn't know there were grades in coal? Why there are almost as many as there are of eggs or butter. Let us send you the kind that will prove by the perfection of the kitchen fire that our coal is different than the ordinary and decidedly better.

BAND HAS NEW LEADER

The La Grande band has a new leader. Mr. Seelack, lately of Arizona, but now located here as a painter and paper hanger, has accepted the leadership in place of Prof. Hendricks, who for several years worked conscientiously. Mr. Seelack is an expert musician. He demonstrated his ability as a leader last Friday night and again tonight, when the regular rehearsal will be held, will proceed with his method of instruction. The band management requests a large attendance at the rehearsal.

Mr. Seelack intends to remain in La Grande permanently, and while here will devote considerable attention to the band.

WANTED—Two young men to room and board. Front room, modernly furnished; one block from postoffice. Inquire at this office.

KIND WORDS FOR SCRIBER

Nelson, Lancashire, England, Nov. 16.—(To the Editor of The Observer.) About a year ago I wrote you last, but have not as yet had any reply. May I hope that you can get the money back over, the republicans again in power, the saloons all closed and the postage reduced 150 per cent, that you will be able to redeem your promise and send me a copy of your much valued Weekly or Daily?

My chief object in writing is to say a word about the bank failure in La Grande, which has caused so much talk and grief, and tears, perhaps, and profanity in abundance, from a financial point of view I am as deeply interested as any one can be; if not in the amount lost, yet in the inability to bear the loss. But like the other losers, it will be no doubt easy to hear a word of sympathy and encouragement offered from neighbors and friends and in a short while we will get over it and feel better again. But what about the man who is now the target at which all the mud balls are being fired? Who will say a good word for him? Who will pity him? Not long since, he stood high in La Grande society. Was respected and trusted. He has fallen and is now down in the mud. Shall nothing but our boots touch him now? Will there be no hand reached out to him to help raise him up a little.

I would like to call a halt for a few minutes, just to regain our breath and, while doing so, I motion that the next stone be thrown by the man that is without sin. Mr. Scriber's loss in my opinion is greater than any of ours and he needs pity more than we do, and I hope that through your paper he may learn that there is at least one loser who entertains nothing but the kindest of feelings towards him. Then gently scan your brother man. Still gentler Sister Woman. Tho' they may gang a kenna wrong 'To step aside is human. Then at the balance lets be mute We never can adjust it. What's done we partly may compute, But know not what's resisted. Sincerely yours,

L. GARRICK.

CONFIDENCE.

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can cure constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and make constipation more chronic. Besides, their use becomes a habit that is dangerous and often fatal.

Constipation is caused by weakness of the nerves and muscles of the large intestine or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

The discovery of the active principle of our remedy evolved the labor of the labor of the world's greatest research chemists. It possesses all the best qualities of the remedial active principle of the best known intestinal tonics, and it is particularly prompt in its re-

S.S.S. HEALS OLD SORES

Before any sore can heal, the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will remain open, and resist every effort made to heal it. The nerves and tissues of the flesh around the place are continually fed with unhealthy matter and nature is simply disposing of the poison by draining it from the system through the sore. The only cure for an old sore is a thorough cleansing of the blood, thereby purifying the system of the cause. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely cleanses the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthy blood. S. S. S. takes the sore from the system, and the place is healed with healthy, firm flesh, the tenderness leaves, all discharge ceases, the skin regains its natural color and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed. Good on Sores and Ulcers and any medical advice free to all who write.
