

JOB PRINTING

THIS term includes everything from a visiting card to a full sheet poster; a leaflet to a leather bound book. **THE OBSERVER JOB DEPARTMENT** is equipped so thoroughly that we are able to handle "JOBS" with ease which to other offices would seem a real burden.

COMMERCIAL PRINTING

By this term we mean Letter Heads, Bill Heads, Envelopes and Office Stationery in general. **THE OBSERVER JOB DEPARTMENT** is in a position to fill OFFICE WANTS promptly and satisfactorily.

ALL YOURS

We have several Advertising Ideas which we believe are good and will bring you results; if you care for them they are yours for the asking. Remember, good printing costs money and should be classed as an investment; poor printing is always an expense. Apply the trial order test and see in which class our work belongs. **PHONE MAIN 13, TWO RINGS.**

BAKER READY FOR BIG DAY

With Baker's splendid record for having entertained the state teachers' association in a creditable manner, it will not be hard to make all the delegates to the Irrigation congress, which meets here December 15, understand that the city is to be turned over to them with a request that they ask for what they do not see.

The fact that it is an irrigation meeting, dealing principally in water, should make the event one easy to handle, but there are those who claim that even dry farming congresses have delegates who do not follow the "dry" commandment. Whether this also applies to irrigation delegates remains to be seen, and as the matter is of more or less uncertainty, Baker will make preparations so that all tastes may be satisfied and each delegate have what he likes.

Work to be done by this congress is important, and there may be several speakers of national reputation present to state what is being done in other parts of the country in the way of irrigation. It is expected that the federal government will have one or more representatives present to encourage work along the lines of reclaiming arid lands, and to give suggestions as to how water may be made to do the most good.

With irrigation the chief topic in La Grande, it is no wonder that local business men who have been named as delegates, will attend this convention. Others interested in irrigation and have not been named delegates, should make it a point to attend. President Collier will undoubtedly provide credentials calling for a seat in the convention.

Ill Health is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected

cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's cough remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by all good dealers.
