Ill Health is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's cough remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by all good dealers.

How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's cough remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all good dealers.

PENDLETON ALARMED.

May Not Secure Federal Building in Five Years is Rumor.

The postal department at Washington has made overtures with the owners of the building now occupied by the Pendleton postoffice for a renewal of the lease for a term of five years, says the Tribune.

This announcement comes as a surprise to the residents of Pendleton who have expected news that a site for the new federal building has been selected and that work on the construction of the postoffice building would soon be under way. The fact that Congressman Ellis secured an appropriation of $70,000 for the construction of this building at the last session of congress and the still further recollection that a government agent was here looking over the desirable sites prompted Pendletonians to assume that Uncle Sam would in the near future favor us with one of his official structures.

These expectations may not be realized within the five-year period of the lease unless active measures are taken by our citizens to interest the authorities in the resumption of the preparations for the public improvement.

PARK BALL SUCCESSFUL.

About $60 Turned Over to Park Fund From Door Receipts Last Night.

Seventy-one couples danced last evening at a social affair which had attracted most of the city's best people. The park benefit ball given by a group of young ladies, is the talk of the day, so successful was it from a social standpoint, and the treasury department of the park association is wearing broad smiles on account of nearly $60 that were turned in to them. Exquisitely gowned ladies were numerous. All in all there was a color of "society" about the ball that easily brands it as the leading and most successful ball given thus far this season. Two of the hostesses were ill and unable to attend—Mrs. Ona Scriber and Miss Dorothy Zuber. The hostesses in the receiving line were: Miss Lulu Gulling, Frances Massee, Gertrude Ralston, Florence McCall, Floy Massee and Mae White. The patronesses who assisted in receiving were Mesdames W. H. Bohnenkamp, J. J. Carr, John Donnelly, Robert Newlin and E. Polack. The patronesses especially were beautifully attired. Today liberal and open-hearted people who were unable to attend, sent in donations of $1 as evidence of their good faith. These donations especially have been well received.
