

At Paso Robles Hot Springs.
Among the many charming stopping places in California, is Paso Robles Hot Springs.
Here are conditions ideal for restful recreation; quiet, congenial surroundings and modern, almost luxurious accommodations.
Paso Robles Hot Springs is a winter resort hotel with the hospitality of a home; a healing spring without the atmosphere of a sanatorium; an enchanting country place with the conveniences of a great resort.
Ask any O. R. & N. agent for illustrated booklet, "Paso Robles Hot Springs."

A Fire Record.
On October 13 last, lightning struck a large pine tree, which is located near Summerville, and started a fire in the top of said tree. Since that date—a period of nearly three months—this fire has not died out. The fire

started near the top and has been gradually burning downward. The tree is a large one, measuring nearly six feet in diameter at the butt. From present indications this tree will continue to burn for several years.

Marriage Permits.
County Clerk Ed Wright this afternoon issued a marriage permit to Alva Cunningham and Bertha Titus. Both persons reside near Telocaset.

A permit was also issued to Earl McComas and Bell Knight. Both persons reside near Union.

WITNESS IS MISSING

The whisky case, in which Grant Lincoln, Ralph Atkinson and William Spillman are charged with selling liquor was up again before Judge Stewart and for want of a complaining witness the case was continued until this evening. The defendants and their attorney, C. H. Finn, were present and expressed a willingness to proceed with the trial, but District Attorney Ivanhoe after discovering that Charles Roland, the complaining witness, had failed to put in appearance, asked the court to continue the case until this evening, when he hoped to have that much-wanted gentleman present.

Constable Faulk was armed with the proper legal instruments and instructed to locate the much-needed informer and bring him before Hizzoner forthwith. The fact that the attorneys are busy in the circuit court during the day time makes it impossible to try the matter other than in the evening.

PROSPECTS ARE BRIGHT

With six inches of snow covering the practice field, the city football team is nothing daunted and the prescribed drill will commence tomorrow afternoon at the football grounds at 1:30. The initial practice was held Thursday night and seldom has a better aggregation appeared for a club team on the first night. As yet there is no certainty about a greater portion of the places, as there are—fortunately—several men trying for line positions. The back field is better than had been hoped for, but the necessary substitutes have yet to be whipped into shape.

Running down under punts, perfection of the forward pass, and careful mastery of the few straight old-fashioned football will constitute the drill for tomorrow afternoon.

The Christmas game is being freely discussed here already. Pendleton is training its team consistently these days, and both squads will be in fairly good shape for grueling contest on the local grounds next Christmas, and at Pendleton on New Years.
