## All Health is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's cough remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by all good dealers.

## How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith of Sanders, Ala., "I treat our offices in La Grande, Ore. Our

only remedy I use for the lungs is Chamberlain's cough remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all good dealers.

## WELL INCREASES ITS FLOW

### ONE HUNDRED PER CENT

MORE WATER THAN BEFORE.

Imbler Artesian Well Gives Evidence  
of Being a Lasting One.

Increasing its flow 100 per cent the artesian well on the Howell place near Imbler, is giving evidence of being permanent. D. M. Hunt, the well driller, received advices last evening to the effect that it is flowing just twice as much as the day it first started. This, in face of several days' flow, is encouraging news to the owner of the well, and to the surrounding farmers, as they hope to be able to strike similar wells. The flow will be allowed to continue for some time yet, to learn the strength and lasting qualities of the flow. The remarkable part of it is that the water of artesian nature, is so near the surface. If this well proves itself lasting, well drilling will be a profitable business in this county the coming year.

### NO CLUB MEETING.

No Quorum Present and Managers' Meeting Adjourned Last Night.

There was no meeting of the Commercial club board of managers last evening, notwithstanding that the engineer running the preliminary survey was present to make his first report. The meeting adjourned because there was no quorum present, to be called again later in the week. President Collier has a schedule of business that will keep the board busy for several hours when it does get together; well increases its flow

### DANGEROUS KISSING

Woman Contracts Disease by Kissing Corpse.

Tacoma, Dec. 15.—Mrs. F. E. Kilgore, wife of a local musician, is seriously ill with what physicians pronounce a well defined case of erysipelas. The physicians say that Mrs. Kilgore contracted the disease when she kissed a young woman after death, who died from that disease. The infection developed in the nose and her face is badly swollen. The woman is thought to be in a dangerous condition.
