While They Last

Ill Health is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's cough remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by all good dealers.

How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's cough remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all good dealers.

STANDING GRAND JURY.

Baker County Needs One That Can Be Called at Any Time.

Baker county will in the future have a grand jury which can be called together at any time by the court. This announcement was made today by Circuit Judge William Smith, when it was found that a prolonged delay was necessary in order to give the grand jury time to consider cases and return indictments.

The new law adopted by Oregon that takes from the prosecuting attorney the power to indict and places it in the hands of a grand jury is throwing things out of alignment and makes the court proceedings suffer delays similar to the country justice who had to stack his hay before a trial because there was indication of a coming shower of rain.—Baker Herald.

BACHELORS IN WALLOWA.

Sister County Has Unique Distinction, Affirms One Bachelor.

"There are more bachelors in Wallowa county than any other county on earth," declared a Wallowa county citizen today who is here as a witness in the land office cases and who brands himself as one of the kind. He affirms that a great influx of girls and old maids would not be amiss in his home county.

The reason is apparent, as a great number of the men who make their home there are such as devote most of their time to the strenuous life of an undeveloped country. Of course, there are married people there too, but never-the-less the percentage of bachelors is said to be large. It is not on account of poverty that the condition exists, as most of the men who are taking life's journey alone are wealthy men. The truth in the matter is that Wallowa county is a splendid mecca for the damsel seeking a husband and home.

WILL NEED NEW TRAIN.

Passenger and Baggage Business Will Need Separate Service.

It is very apparent that if traffic of all descriptions into and out of Wallowa county ocntinues to expand as it has in the past few weeks, a passenger train service will have to be inaugurated soon. The business outgrew the original baggage and express accommodations, and now there is main line baggage car in the service. This makes three coaches which the mixed train hauls, but great crowds swarm the depot here each morning, and it is seldom that the train leaves this terminus without carrying a full load of passengers. The freight business is growing greater, too. Those who are in touch with the enormous business done on the branch line, realize that present capacity will soon be inadequate.
