While They Last

Ill Health is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's cough remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by all good dealers.

How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's cough remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by all good dealers.

Monkey in Court.

As a witness in the case of the State against . E. Lewis, charged with larceny, "Mike," the stolen animal show monkey, appeared at the court room this afternoon and amused all present with his cunning tricks. The monkey trial brought out a large attendance of spectators. Several girls from the Nile were subpoenaed to testify regarding Lewis' offer to sell them the monkey, and withal the surroundings indicated a menagerie rather than a district court room, much to the apparent discomfort of the judge who is known to be an advocate of dignity.—Baker Herald.

South Baker Excited.

A portion of South Baker was thrown into a state of intense excitement this afternoon when Mrs. Lizzie Fuller placed a revolver in her grip and proclaimed to neighbors that she was going down town to kill her husband. She came down town all right, and soon police officers were shadowing her to prevent her from carrying out her threat. The Fullers have had more or less trouble in the recent past, it only being a short time since the same woman made an unsuccessful attempt to take her own life.

WORKING FOR THE DEBATE.

Many Local Students Are Digging Up Material for Tryout Here.

In anticipation of a tryout in the near future for the selection of a team to represent La Grande in eastern Oregon forensic battles, many students who aim to imitate Demosthenes are accumulating data and material. Like all other side issues in connection with La Grande's school of learning, advancement has been rapid in the debate field. La Grande will cope honorably with the best in the state this year, primarily because a great interest has been taken by a score of students.

DOWN TO ZERO.

Thermometer Drops to Lowest Point of the Winter Last Night.

Some time between midnight and this morning the government thermometer touched zero. This is one degree lower than the night previous and sets a new mark for this time of the year. At midnight the mercury stood at 5 degrees above, and before morning it had dropped to the zero point, but did not get below that. As soon as the warm rays of the sun enveloped the city the air was less frosty and by noon was quite comfortable.
