FIND CEMENT MATERIAL

Elgin, Dec. 24.—(Special)—There is much excitement about Elgin, occasioned by the discovery of an excellent bed of the best of cement properties. While the facts are not obtainable such a discovery would mean a great deal to the country about Elgin and the eastern portion of Oregon.

The barn of John Frasher was completely destroyed by fire about 12 o'clock Thursday night, with all its contents—many tons of hay. The chicken house was also destroyed with about three or four dozen chickens.

Elgin has been crowded the past week with newcomers looking for homes, and with Christmas shoppers. The new real estate firm of The Slough Investment company, has just erected a new electric sign which bears evidence of this firm's progressiveness.

WHAT'S IN A NAME. Diseases Not an Entity.

To the layman, and to many physicians, there is a disease entity, individual and alone, not depending upon other conditions, indeed, so distinct that if the roll was called "typhoid" it would answer "here" and step forward, while another would respond to malaria and so on through the list. Nothing could be more misleading, for the line is often difficult to draw between certain diseases.

Some Medical Authority. "After all, the name of a disease is only a name, and a name which often hides a great deal of ignorance. How many in our days treat a sickness by the name it has, or is supposed to have and put aside the study of the symptoms? The greater, the more sonorous the name, the greater humbug the men can play on the people.

For That Dull Feeling After Eating. I have used Chamberlain's stomach and liver tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating.—David Freeman, Kempt, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills, but cost more.
