### PROBLEM FOR COUNCIL

(Continued from page 1.)

sold, and the construction of the system by contract duly advertised. It is doubtful whether all this can be done and the work completed this year. By accepting this bid of the American Light & Water company, the system will be built this summer.

Thus, we say, the council has a financial problem that to work out satisfactorily to the best interests of the city, is no small one to solve.

### FUEL IN ABUNDANCE

(Continued on page 8.)

O. R. & N. is filling car orders very promptly this winter, a fact which will stand the consumers at La Grande well in hand should the coal supply become exhausted.

La Grande coal dealers can see no cause for alarm in the event the mercury should stay below the zero mark for any extensive period. The Fowler firm has a considerable supply on hand, and the Grande Ronde Cash Co. has three cars rolling. They should be here this evening or tomorrow, at the latest. Tracers have been sent out and the returns are encouraging. There is no likelihood of a coal famine in La Grande this winter.

Few firms in the city have as much trouble as the coal men, however. Orders come thick and fast, and with the plumber, is enjoying a lucrative business.

THE COOK WILL BE GLAD to see some of our high grade coal carried into your cellar. Didn't know there were grades in coal? Why there are almost as many as there are of eggs or butter. Let us send you the kind that will prove by the perfection of the kitchen fire that our coal is different than the ordinary and decidedly better.
