Likes This Vicinity.

"I have been here a year now, and like Grande Ronde valley better every day that I am here," is the way Joseph Ainsworth of May Park, expressed himself today. In a pleased sort of way he related how he has a profitable orchard in that garden spot of the valley, and what is almost as important, has good water rights. Mr. Ainsworth moved to this county a little more than a year ago, and is here to stay. Referring to the proposed irrigation he wondered how it was that any man with a tract of land in the region to be irrigated, could think of letting the opportunity slip. The demand for water will far exceed the supply at hand if all the land owners in Union county were as alive to the value of water as Mr. Ainsworth.

The Pastime for Tonight.

Nothing but fun at the Pastime tonight. The pictures, consisting of five great comedy subjects are offered for your approval. The first is the Haunted Lounge, and the antics of this antiquated piece of furniture and the troubles of its various owners will surely start you on an hour of solid laughter. The next, The Neighbors' Kids, shows the mischievous pranks of two little girls from cellar to garret of the house and will keep your laugh working. Then comes School Days, a comedy acrobatic nonsense for purely laughing purposes. A contrast in comedy is then shown in The Tyrant's Dream, displaying the awful experience a business man had after a family fight with his wife and mother-in-law. The last of this picture is one of the

prettiest you ever saw. The Tenderfoot gives us a taste of cowboy fun on the plains. Bertie is sent from the east to learn ranching. He gets a warm reception at Red Dog gulch, and is rapidly shown the mode of life in the wild and woolly west, as he found it and will make your laughing apparatus work overtime. Miss Richards presents the Scotch Sword dance by request. The Dancing Richards will delight you with their clever work. There is no other dancing team on the vaudeville stage today that can compare with them in double dancing, or that have such a large variety of difficult steps. They are in a class by themselves.

Nine tables were filled with club members, who enjoyed the amusement and entertainment of the evening. Prizes were won by Mrs. Jay Van Duren and Wood W. Berry.

DONATES FOR PARK

With the arrival of warm weather come additional pennies to the "mile of pennies" fund for the La Grande park, thus reviving the good work commenced some time ago by the children in and about La Grande, but which rested briefly during the excitement of Christmas holidays. It is Roy L. Couch, son of Mr. and Mrs. Willard Couch of Ladd Canyon, that has revived the movement by sending in 50 pennies. The ladies are about to resume the campaign for donations again, now that appearances point to pleasurable weather. Storms and yuletide festivities made it impossible for a successful canvas during the past few weeks.

CLEANING UP WORK

All business except very urgent matters, have been ordered suspended by the land office commissioner until all entries have been transcribed into the new system of accounting that has been adopted by the land offices. The new system has been in vogue several months, but so congested has been the condition of the land office here that the transcriptions were being made slowly. Since the new order went into effect the work has progressed more rapidly.

During the past week there have been no applications or final proofs made in the local office, a fact that has been favorable to concerted effort on back work.

The special accountants who are experting the books of Receiver Roberts are still buried in their work. It is too early to guess at the time when the investigation will be finished.

Enterprise Creamery.

The Enterprise creamery completely refitted with new machinery, will start operations in about two weeks. The deal between Mr. Bickford and his partners, the Tulleys, is completed, and the latter will continue to operate the Wallowa plant, while Mr. Bickford will put in a new plant here. He has already ordered a new churn, cream vat and other machinery, and when all is installed he will have one of the finest, up-to-date creamery plants in eastern Oregon. The business will be known as the Enterprise Creamery. Mr. Bickford also retains the agency for the De Laval separator. The same push and energy that made the Wallowa Valley Cream company a big success, will no doubt continue in the upbuilding of the Enterprise creamery.—News Record.

Cured of a Severe Attack of Bronchitis

by Chamberlain's Cough Remedy.  
 "On October 18th, last, my little 3-year-old daughter contracted a severe cold which resulted in a bad case of bronchitis," says Mrs. W. G. Gibson, Lexington, Ky. "She lost the power of speech completely and was a very sick child. Fortunately we had a bottle of Chamberlain's Cough Remedy in the house and gave it to her according to the printed directions. On the second day she was a great deal better, and on the fifth day, October 23d, she was entirely well of her cold and bronchitis, which I attribute to this splendid medicine. I recommend Chamberlain's Cough Remedy unreservedly as I have found it the surest, safest and quickest cure for colds, both for children and adults, of any I have ever used." For sale by all good dealers.
