WORST IN MANY YEARS

Enterprise and Wallowa county have not escaped from the great storms that have covered the entire northwest with snow, and the freezing cold, while not so severe in here as in other parts of the inland empire, has been severe enough to make the oldest inhabitant rack his memory to beat it, says the Enterprise News-Record. The coldest was Saturday night, when an accurate thermometer registered 21 below. Snow covers the valley and the hills to a depth of from 12 to 18 inches.

The snow is the deepest in years and causes lots of rejoicing as it insures bumper crops for next year. The hills will be full of moisture and the mountains will give forth bankfull streams of water all next summer. The snow also protects the fall sown grain.

There is lots of snow down on the winter range on the Imnaha, Snake, Joseph and other canyons, and owners of stock have hurried to their herds and flocks to see about feed. Many are well supplied but it is feared some stock will suffer. Ten inches of snow and a temperature below zero was reported at the Bridge Saturday.

Trains are running on time on the branch, the only delay being the inbound Saturday, which waited at La Grande for the westbound overland on the main line and consequently did not arrive at Enterprise until about 7:30 p. m.

Owing to the blockade on the main lines stock shipments are refused at valley stations, but a few carloads got out before the embargo. It is expected the main line will be open in a day or two. b

THE COOK WILL BE GLAD

to see some of our high grade coal carried into your cellar. Didn't know there were grades in coal? Why there are almost as many as there are of eggs or butter. Let us send you the kind that will prove by the perfection of the kitchen fire that our coal is different than the ordinary and decidedly better.
