VIOL

MRS. GRACE McALISTER,
Teacher and Manager.
Telephone Farmers 1974.
Boys Meet Saturday.
The Blue Mountain Boys' association will meet next Saturday night at the Whitby home.

Call at the C. C. Pennington & Co. store this week and see the I. C. S. method of teaching modern languages. The pronunciation acquired by this method is absolutely correct.

A Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected less than one week's time, and in many cases within three days. Sold by all good dealers.

DENTISTS.

C. B. CAUTHORN,
Dentist.
Office over Hill's Drug Store.
La Grande Oregon

515-16 Sweetland Building.
Portland Oregon

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by all good dealers.

Notice.

To the Farmers and City Property Owners of Union County:
You are cordially invited to visit us at our offices in La Grande, Ore. Our object will be to bring new investors into this field, in order to do this we will need the co-operation of you property owners. We will deal in farm and city property, timber land and stump land, rentals and loans. Drop in and get acquainted whether you have anything to offer or not, we will be pleased to meet you. Very truly yours,
THE VAN DUYN REALTY CO.
Rooms 5 and 6, Scriber Block.

TOURING CAR SPECIFICATIONS.

Complete Specifications of the New Road Touring Car.

Material—Motor, best gray iron. Axels, springs, frame, nuts, bolts, rods, etc., are made of Vanadium steel. The strongest steel known.

Motor—Four-cylinder, four cycle. 20-24 horse power in a car weighing but 1250 pounds, makes nearly two horse power to push every 100 pounds of car weight.

Wheel Base—100 inches, with 3 1/2-inch tires on the rear wheels. This is a larger tire than usually used on a machine of this weight and insures very little expense for tire repairs.

Lubrication—By an ingenious device the whole power plant, transmission differential, and rear axle is oiled automatically with no pumps to get out of fix and no small pipes to clog up.

Ignition—Perfect working magnet built as a part of the machine, with no moving parts except the fly-wheel of the motor, and no intricate parts to get out of order.

Springs—Two transverse. The easiest riding spring construction ever put under an automobile. This sounds like a big claim, but we are willing to prove by demonstration.

Fenders—Full length of body with long running board.

Body—Six different styles.

Equipment—Two gas lamps, two oil lamps, tail lamp, tubular horn.

Price—Touring car, \$1,000.00, delivered to you in La Grande.

We have the car and are willing to demonstrate to you any day you call.

L. C. SMITH,
La Grande.
