Several years ago much was written with reference as to what would become with our ex-presidents. It was maintained that few presidents retired with means and the social functions that naturally followed one or more terms in the executive mansion soon impaired what little saving might have been made. As Mr. Cleveland was the only surviving ex-president for several years and having ample means to permit him to leave in ease, the question was dropped. President Roosevelt will be the only ex-president after March 4 next, and as he is wealthy always was, and having already secured a position on the Outlook Magazine as a special contributor at a salary of \$30,000 per year, also a side contract with another publishing house at the rate of \$2 per word, for a write-up of his proposed hunting trip in Africa, it will be many years before we hear anything regarding the proper disposition of our ex-presidents.

A manufacturer of an up-to-date washing machine has an advertisement running in many periodicals of the country which, if the suggestion contained therein was followed, would undoubtedly result in securing him many sales. It reads thus: "Ask the man of the house to do the washing—just long enough to let him know how hard it is for you to do the washing without the best equipment."

It will soon be spring and in the meantime the park fund should be augmented each day. The Riverside park movement should not be permitted to die from want of enthusiasm. The city needs this tract of land on the river. We need other parks closer in, but the start has been made for the river, and let us secure it before dividing our energies in another.

A bill is before the state legislature which, if it passes, will undoubtedly reduce the number of brands of baking powder now on the market. The bill makes it necessary to state the ingredients on the package.

If Representative Miller of Jackson county, gets his bill through, fishermen will have to pay an annual license of one dollar.

29 ABOVE ZERO

Chilling winds today made outdoor life a disagreeable proposition, notwithstanding that the mercury dropped but little below the freezing point. Last evening the government thermometer registered 27 above, but during the night went down to 24. With the approach of morning it began to ascend and by noon had reached 29 above again.

TRAFFIC GOOD

Passenger travel has picked up considerably on the main line of the O. R. & N. this week, and is now back to the normal winter business. While fluctuating on the main line, the La Grande-Joseph train seldom notices any change and continues to do a lucrative business. This morning both coaches were filled with passengers.

Silverthorn's Family drug store.

"About 10 years ago my brother was 'held up' in his work, health and happiness by what was believed to be hopeless consumption," writes W. R. Lipscomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's New Discovery and was wholly cured by drawing the jury list, which task

S.S.S. CURES BLOOD POISON

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin clear of all spots, sores and other blemishes, the hair stops coming out the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven for over than forty years. Book on this disease with suggestions for home treatment and any medical advice sent free to all who write.

SIREN DEVELOP THE BUST

WAFERS

SHE'S A QUEEN! SHE'S A SIREN! is an expression that is always heard at sight of a well developed woman. If you are flat-chested, with undeveloped, a sawny neck, thin, lead arm—remark will never be applied to you. "SIREN" wafers will make you beautiful, bewitching. They DEVELOP THE BUST in a week from 3 to 6 inches and produce a fine, firm, voluptuous bosom. They fill out the hollow places, make the arms handsome and well modeled and the neck and shoulders shapely and of perfect contour.

Send for a bottle today and you'll be pleased and grateful. "SIREN" wafers are absolutely harmless, pleasant to take, and convenient to carry around. They are sold under guarantee to do all we claim or MONEY BACK.

Price \$1.00 per bottle. Inquire at good drug stores or send DIRECT TO US.

FREE. During the next 30 days only—we will send you a sample bottle of these beautifying wafers on receipt of 10c to pay cost of packing and postage if you mention that you saw the advertisement in this paper. The sample alone may be sufficient if the defects are trifling.
