FACE POLYGAMY PROCEEDINGS

ALREADY FAMOUS OAKLAND SCHOOL TEACHER ARRESTED.

Principal George Sawyer of Roseburg Schools is Arrested—Second Wife Knew Nothing of Wife No. 1 in Pennsylvania—Mysteriously Disappeared Lately.

WALLOWA SIGNS UP BEET FIELDS

ENCOURAGING AMOUNT OF LAND SUBSCRIBED TODAY.

At a Late Hour Appearances Indicate That Over 20 Prominent Land Holders Will Take Large Beet Acreage—Has Important Bearing on Life of Sugar Factory at La Grande—Some Objection, But All Overcome Before Meeting Started.

Enterprise, Jan. 30.—(Special.)—Late this afternoon the sugar beet question assumed an aspect where prospects for the factory at La Grande and prospective sugar beet industry in this county, are extremely bright. At 3 o'clock the La Grande factory officials met with a large delegation of extensive land owners and unless the present sentiment is snowed under at the last moment, enough land will be signed up to warrant the Amalgamated Sugar company going into this county as depending on the county as a beet-producing region.

While there has been some objection to adopting the beet industry, all this was overcome and at 3 o'clock today, appearances indicate a substantial acreage next season. At least 20 will take to the industry. The liberal subscriptions of beet acreage not only means much to this county, but has a bearing on the future of the factory at La Grande, which must either have water on Union county holdings, or secure extensive patronage by growers in this county.

The promoters are elated, believing that a much larger total of land will be subscribed before nightfall than had been anticipated.

Subscribe 1660 Acres.
Later.—Sixteen hundred and sixty acres had been subscribed at 4 o'clock this evening.

SALEM TRUSTY ON VACATION

LEAVES PEN, COMES OUT TO SPEND NIGHT AT HOME.

While Penitentiary Guards Search Excitedly for Missing Prisoner, the Latter Was Out Having a Good Time With "the Boys"—Brother Returns With Him in Time for Prison Breakfast This Morning—Extends His Time.

Salem, Jan. 30.—Benjamin Stanton, sentenced to one year in the penitentiary here for shooting Councilman Goode last summer as the result of a quarrel, escaped yesterday and had a good time with the boys about town last night while the guards were looking for him. He returned to the prison this morning on the first car from the city in time for breakfast. Stanton, being a "trusty," was allowed outside the prison. He walked away and slept at his home in this city last night, his brother returning with him to the prison.

Surprises His Family.
Stanton had several drinks and a good meal, then surprised the members of his family by going home last night. The first thing this morning his brother induced Stanton to return. Bright and early he got up, boarded the first car. In the meantime guards were excitedly searching the city. They were greatly relieved when Stanton hopped off the car. He ate his breakfast as usual with the other prisoners.

Must Now Complete Full Term.
Because of good behavior Stanton would have been released in May, getting two months off his sentence. As a result of last night's episode he will have to serve until June.

Scandal Causes Trouble.
Stanton Showered two married daughters of Councilman Goode with his attentions. In a quarrel over the matter Stanton shot Goode, inflicting painful but not fatal wounds.

BULLET LODGED IN GIRL'S HEART

POLICE DISCOVER CRIME AND SEEK THE MURDERER.

After Six Months of Married Life, Floyd Carter is Believed to Have Shot His Wife—Body Dragged to Bedroom—Evidences of Struggle Before Fatal Shot.

Sacramento, Cal., Jan. 30.—Following the discovery of the body of Vera Carter with a bullet in her heart, the police are seeking Floyd V. Carter, her husband, who is a picture frame solicitor. They had been married but six months. The body was found late yesterday in a bedroom.

It is believed the woman was shot three days ago. The couple often quarreled. The body bore several bruises, indicating a struggle had taken place, and that the body was then dragged into the bedroom. When the body was moved a pistol fell from the clothing.

A certificate in the woman's effects shows Carter is from Decatur, Ill., and the woman from Cincinnati. They were married in St. Michael's church at Vancouver, B. C., July 4, last year.

MUST RENDER FINAL DECISION

PRESIDENT WOULD ABIDE BY DECISION OF ENGINEERS.

Develops That Change to Sea Level Plan in Building Panama Canal May Yet Become a Fact—President Does Not Expect Such Recommendation, But Should it Come, He Will Follow it—Will Ascertain Subterranean Lake Assertions.

Los Angeles, Jan. 30.—If opponents of the lock level plan for the Panama canal can convince the commission of eminent engineers now on the isthmus with Taft that their contentions are well founded, President Roosevelt will take action looking to the adoption of a sea level plan before he retires from office, according to a statement made today at the office of James Schuyler, a member of the commission. The statement says:

"The president's purpose in sending a new commission on the isthmus is simply to secure a last disinterested judgment of the work he has directed. It is possible the commission will decide that a sea level type is preferable.

"The president has not the slightest idea that such an opinion will be formed by the special board of experts, but if it should, he wants it known so he can act upon it before the end of his term.

"The most careful soundings have been made, followed by a denial that a great subterranean lake underlies the dam site."
