RED CROSS DRUG STORE.

The Neighborhood club held its regular meeting yesterday afternoon in its parlors at the home of Mrs. Anthony. The business meeting was conducted and dispatched ably by the president, Mrs. F. S. Ivanhoe.

The subject chosen for the afternoon was "Civics," and the leader not being present the meeting took the form of a general discussion, which was led by a splendidly prepared talk by Mrs. George Palmer. In the course of her remarks Mrs. Palmer expressed the wish that the citizens might each do what was within his power for a more beautiful La Grande, especially that we plant more shade trees, flowers and lawns, clean the alleys, remove or repair useless and unsightly outbuildings and in some places put better sidewalks. Mrs. Palmer thought that perhaps the time was not yet ripe for larger undertakings, but that in due season such things as a library, Y. M. C. A. building and improved railroad grounds would be realities in our city.

Mrs. Ivanhoe's plea for the boys of our city, that some place might be found and fitted up where boys might assemble under the leadership of some worthy person and have their reading room and athletics. This was enthusiastically received and brought forth the idea of a Y. M. C. A., something which everyone would be anxious to help along. This called forth an enthusiastic discussion and a committee was immediately appointed to look into the matter.

The immediate and pressing need of a new high school building was generally discussed.

The subject of having music taught in our public schools as is done in most other places of our size, was touched upon. In fact, there was so much to talk about that was being contemplated or that would add to the charm of La Grande, that the time for adjournment arrived before the members realized it, and at the close of the afternoon the members departed, each fired with a zeal to make herself a factor in carrying on the good work.

Missionary Tea.

"We in Alaska rejoice at this Christmas time because the angels' song and the love of the Christ-child have come to the people here.—The Thlinget, Sitka, Alaska.

If you have some of this joy please help this cause along. "A blessing shared is a blessing doubled." Newton Kaseko, the boy assigned to the W. P. Missionary society of La Grande, is a bright boy and anxious to learn. We who can educate our children so easily, have we not a thank offering for those who have few privileges. This is your opportunity at Mrs. A. T. Hill's, on Thursday afternoon.

This boy traveled hundreds of miles to get to a school.

DONNELLY MEETS DEATH

(Continued from page 1.)

entire community.

Occurred in Umatilla County. Conductor Donnelly was on No. 55, a westbound freight, with engine No. 355 in charge of Root, about to pull them down the mountain. He had transmitted his orders to the engineer and given the word to pull out. As the cars were moving past him he made an effort to board the second car ahead of the caboose. He failed and death came. The spot where he fell, was just over the line in Umatilla county, and the coroner from Pendleton was called. It was just 3 o'clock when a jury was empaneled, and it will be in the neighborhood of 6 o'clock before the remains are brought to La Grande. No. 1 was late and several from here went out on it to join the friends about the body at Kamela. The inquest was held in the depot. Among those to go were J. F. Baker, C. S. Dunn, J. J. Carr, Mr. Wyren, J. H. Peare and J. H. Keeney. Several railroad men also went. The sorrow has especially settled among railroad men, where the deceased was extremely popular.

Aside from the widow, Mr. Donnelly is survived by a mother, Mrs. W. H. Donnelly of Cofax, Wash., who visited her son here recently; a brother, E. D., of Council, Idaho, and cousin, Mrs. Charles Dunn of this city. Mr.

Dunn and the deceased were reared together, almost as brother and sister. These, with several aunts living in various parts of the country, comprise the entire relative list.

A Prominent Lodge Man.

As a member of the local lodge of Elks, and of the local Knights of Pythias, he was a prominent brother, always interested in the affairs of his orders, and always popular with his brother lodge men. In addition to these two orders, he was a member of the local Trainmen's order and a leading light in the United Order of Railroad Conductors.

The family is too grief-stricken to consider the matter of funeral arrangements today, and it is likely that none will be made until tomorrow morning.

Mr. Donnelly was married to Miss Lizzie Goeck last June, and they have made their home in La Grande continually since. The Donnelly home is located at 2107 First street.

George Cusick of Union, is transacting business in La Grande today.

ELI PLEASES HIS HEARERS

Those who heard Captain Eli at the high school the other morning were well pleased, and at the same time were informed of a number of facts they did not know regarding sharks and sea inhabitants. He comes back to lecture to us Saturday evening and all should make it a point to hear him. It might be of interest to show that the captain first lectured at Union, this county, some 32 years ago, and lectured here at La Grande about 14 years ago. Consequently he will not be a total stranger to all who may be so fortunate as to hear him. Don't forget the date, February 13, and get your tickets at either Silverthorn's drug store, or at the Fair. 35c and 15c.

PRACTICAL EXAMPLES REGARDING THE GLOBE-WERNICKE SECTIONAL BOOK CASES

See what those in position to know have to say

"WOULD HAVE LOST"

"Had my library not been incased in a Globe-Wernecke sectional book case kind friends would never have been able to have removed it at the time my home burned. Even if it had been possible to have taken the books out the weather was such that every book would have been ruined, as it was I never lost a volume."

F. S. IVANHOE,
Dist. Atty. 10 Jud. Dist.

"SAVED MY BOOKS"

"I attribute the fact that my entire library was not lost to the fact that it was held in a sectional book case. On account of this, willing hands were able to carry out, each section intact and not a book as destroyed or lost."

DR. N. MOLITOR

We would be pleased to have you call and allow us to show and explain the merits of the Globe-Wernecke Sectional Book Case.
