LOCAL REGENT STAYS AWAY

REGENTS CAN DO NOTHING WITH CUMBERSOME PROBLEM.

Umatilla County Considerably Worked Up Over Question—Natural Schools of Weston and the Other Normal Schools is Outcome of Existing Conditions in the Schools.

When the State Normal school board of regents meets tomorrow at Salem to conduct a losing sparring match with the enormously big normal school question, Regent E. E. Bragg of this city, will not be in attendance. There is nothing to be done; the schools are dead unless private donations keep them going the rest of the year. Knowing that nothing can be accomplished, Mr. Bragg has decided that he will make no effort to attend. Such a trip would be a waste of time and the expenditure of close to \$50 of his own funds, as the Normal school expense fund is depleted. To Union county the Normal school question has both much of interest and little of interest. Weston Normal claims a score of students from this county, but under existing conditions these 20 or more had better be in some good high school. The situation in Umatilla county seems different, however, as is reflected in the following:

Special correspondence to the Pendleton East Oregonian from Weston, says:

As the result of a message received here this morning from President R. C. French of the Eastern Oregon State Normal school, that institution will continue in operation. The message merely stated, "The school will continue."

In the absence of more information it is believed that the state board of education has decided to order the normal schools to complete the present year's work. It has been discovered that though the senate passed bills completely abolishing the normal school system, the house did not. Therefore the normal schools are still legitimate state institutions, though not provided with appropriations. This being the case the state board may order them to continue the present season's work and the secretary of state issue script in payment of the expenses incurred.

At this time President French is in Salem, where he has been consulting with members of the regents and of the state board of education. The fact that the governor, the state superintendent and others upon the state board, have been favorable to the three normal school idea, has caused the supposition that they will provide for the schools until the end of the present term.

Weston is Wroth.
In Weston the sentiment of the people is a mixture of wrath and gloom. The people are very sorry because the normal schools were not provided for. Though the schools may continue until June, it is conceded that the school here will be a dead one. Local people will suffer losses through the killing of the school and the students will have to go to other states to complete their work. There are now 27 members in the junior class. All of these would have received diplomas next year had the school been continued.

Cole is Blamed.
During the last few days of the legislative session G. W. Proebstel, President French and others were at Salem. From information they have sent home the impression is current here that all members of the Umatilla delegation did everything possible for the school, excepting Senator Cole. Senator Smith fought hard for the school and all the representatives did the same.

As for Senator Cole's dereliction, it is attributed largely to the fact that in the past the senator did not receive as heavy a vote as he hoped for from that town.

Normals a Graft.
Pendleton, Feb. 22.—Senator W. G. Cole returned last night from Salem. When asked about the Normal school proposition he replied that those who had agitated the keeping of the Normals did not know what they were talking about.

"The normal proposition has been a graft from start to finish," said the doctor vehemently. "I know the whole inside of the business and the circumstances connected with the start-

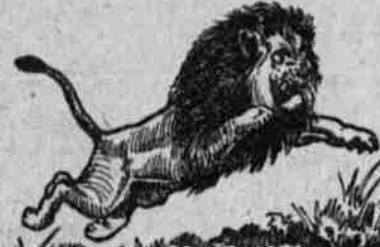

ing of them. It is an imposition on the taxpayers to support them. It requires over \$1000 to educate a normal student, to \$18 for each high school student.

"And what good do they do? Half of the teachers that they graduate are not teachers at all. Besides they are making district schools out of them. Young children are sent there and educated at the expense of the taxpayers at the price of \$1000 apiece, while public school children in other places get only the \$18."

Mr. Cole seemed confident that he had done the right thing in opposing the schools, and intends to make a statement to the public in a day or two.

RINGS DYSPESIA TABLETS

Relieve Indigestion and Stomach Troubles.
Changed His Location.
All parties wishing a first-class workman to repair their watches and jewelry, will find O. M. Heacock located with Carl Bros., at Huelat's old stand. Repairing done promptly. If
