A Common Cold.
We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases, are of this class. The culture bed formed by the cold favors the development of the germs of these diseases, that would not otherwise find lodgment. There is little danger, however, of any of these diseases being contracted when a good expectorant cough medicine like Chamberlain's Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contracting these dangerous diseases. For sale by all good dealers.

For That Terrible Itching.
Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching and many cases have been cured by its use. For sale by all good dealers.

Pineules for the kidneys are little golden globules which act directly on the kidneys. A trial will convince you of quick results for backache, rheumatism, lumbago and tired, wornout feeling. 30 days' trial \$1. They purify the blood. Sold by Silverthorn

EATON MAY LAND JOB

J. B. Eaton of Union, has a chance to land the appointment on the Oregon tax commission to be appointed soon. He is favorably mentioned by politicians throughout the state, though it is generally conceded by all that Assessor Strain of Pendleton is assured one of the positions becoming a reality in the near future. The East Oregonian says of Strain's chances:

Assessor C. P. Strain is now prominently mentioned as a prospective appointee for the tax commission that was created by the legislature. Under the law, one of the commissioners must be a republican and the other a democrat, or at least two different political parties must be represented.

According to Mr. Strain he has made no efforts whatever towards securing an appointment as tax commissioner, but he has told a number of friends that in all probability he would accept the post were it tendered him.

In view of his highly capable work as assessor for this county, Mr. Strain has earned a state-wide reputation as an authority upon matters of taxation. He has many friends, local and otherwise, who would be glad to see him go higher in that line of work.
The salary of the state tax commissioners is to be \$2500 per year.

Women to See Fight.

Philadelphia, Feb. 23.—Classy society dames of the Quaker City "400" will occupy seats of honor at the Philadelphia Athletic club tonight. When Anthony J. Drexel Biddle, society man and millionaire, meets "Philadelphia Jack" O'Brien, professional pugilist, in a six-round battle. A ladies' night has been arranged for this occasion to gratify the oft-expressed wish of certain well known women of this city to see a "real prize fight."

Our reverence for the past is just in proportion to our ignorance of it.—Theodore Parker.
