BISHOP O'RIELLY VISITS WITH UMATILLA INDIANS

Pendleton, Feb. 25.—The East Oregonian last night related the following:

Yesterday marked a happy event in the annals of St. Andrew's school when the Rt. Rev. Bishop C. J. O'Reilly began his visitation. Within a mile of the old mission church the carriage of the bishop was escorted by many Indians on horseback. As they approached the church the bishop and the Rev. Father Neate, S. J., superior of the mission, alighted from the carriage. Amidst the ringing of the old mission bell and the music of the school band the bishop was greeted by the venerable old missionary Jesuit of the northwest, the Rev. Father Cataldo, S. J., who with crucifix aloft, headed a long procession of the Indians of the reservation.

The reverend bishop vested in his pontifical robes and crozier in hand, and escorted by the Rev. Fathers Cataldo and Neate, made his way to the old mission church. Here he delivered an eloquent discourse to the In-

dians, the Rev. Father Cataldo, S. J., acting as interpreter.

The eloquent Bishop after expressions of joy at such a manifestation of faith, exhorted them to loyalty to their God, to their church and gratitude to the good missionary Jesuit fathers and sisters of St. Frances, who have labored so zealously in their behalf.

After the discourse the bishop imparted to them his episcopal blessing and then, as is the custom of the Roman Catholic church, each knelt down and kissed the episcopal ring to show thereby their allegiance to his authority.

The afternoon was spent by a meeting of all the Catholic Indians of the reservation at which the bishop presided.

After the meeting the bishop imparted some words of encouragement before their departure to their homes. The bishop will remain in their midst until Sunday. During this interval he will instruct the Indians and encourage the zealous missionary father and sisters in their noble undertaking.

TOM RICHARDSON TO VISIT LA GRANDE NEXT MONDAY

Tom Richardson, peer of boosters and not unknown in La Grande, will be in this city next Monday according to advices received by President Collier of the Commercial club. The famous publicity manager of the Portland Commercial club, will spend Sunday at Hot Lake, and the day following he is anxious to meet the bus-

ness men of La Grande. That he will be in the city is in itself an interesting fact, for Tom Richardson is a name known to every man and woman in the entire northwest.

The place of meeting and plans for his entertainment will be perfected by the local Commercial club at a board meeting to be held in the interim.

ALL WHEAT SOLD OUT

Charles Playle, the Allece wheat buyer, was in the city today, stating that first-class bluestem would command \$1.02 per bushel, but it would make no difference if the price was \$5 per bushel as there was none in the valley to be had at any price. One thing, Mr. Playle stated, that by clearing up the present old stocks everywhere, the new crop would stand a better chance of starting off at a good price than for the past few years.

BAER KNOWN IN THIS CITY

O. V. Baer, the fireman killed in the wreck near Colfax, on the Washington division of the O. R. & N., last night, was for several weeks temporary express agent of the La Grande Pacific Express office. Many here will remember the young man. It was a year since last fall when the then regular agent, L. F. Mousse, was out on a six-weeks' furlough. When the regular agent returned, Mr. Baer remained in La Grande a short time, going to Wajala Walla, and later back to Pendleton. Recently he was given a fireman's run out of Starbuck.

Longboat and Shrub.
Buffalo, N. Y., Feb. 25.—Tom Longboat, the Indian runner who has defeated all comers at the Marathon distance, will try a shorter course tonight when he races Aufred Shrub, the English long distance crack, for 15 miles for a purse of \$7500. Longboat, by this greater endurance, recently defeated Shrub at the Marathon distance, but he will have to run the

greatest race of his life to win a victory over the Englishman over the shorter course.

First Court Saturday.
London, Feb. 25.—King Edward and Queen Alexandra will give the first court of the season on Saturday, when several Americans will be presented. Among them will be the Countess of Granard, formerly Miss Mills of New York, and Mrs. Arthur Orr, wife of the third secretary of the American embassy. It is stated that Darius O. Mills, the grandfather of the Countess of Granard, will present her with a magnificent mansion in London as a wedding gift, but the choice has not yet been made.

ELECTRICITY ON THE PACIFIC COAST.

Oregon Ranks Third as to Quantity Generated.

The Pacific coast has ever been foremost in the development and use of electricity. A recent tabulation of figures shows that California ranks first in the amount of electric power generated in that section of the country, with 520,843 kilowatts. The annual output of Washington is 123,882 kilowatts. Oregon has an output of 43,203 kilowatts, Arizona ranks next and Nevada takes fifth place on the list.

The largest percentage of electricity generated by water power is developed in the state of Washington. In this state 28,517 kilowatts are generated by steam, 350 kilowatts by gas, and 95,985 kilowatts by water power. In California 156,539 kilowatts are developed by steam, 16,569 by gas and 347,735 by water. Oregon's development by water is even less proportionately.

First Application.

The first application of electric heating for household use was the electric flatiron. Now there are hundreds of thousands of flatirons in private homes and laundries.

A Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time, as by applying Chamberlain's Liniment, as directed, a cure may as a rule be effected less than one week's time, and in many cases within three days. Sold by all good dealers.
