A Common Cold.
We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases, are of this class. The culture bed formed by the cold favors the development of the germs of these diseases, that would not otherwise find lodgment. There is little danger, however, of any of these diseases being contracted when a good expectorant cough medicine like Chamberlain's Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contracting these dangerous diseases. For sale by all good dealers.

For That Terrible Itching.
Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching and many cases have been cured by its use. For sale by all good dealers.

MARATHON NEAR HOME

Walla Walla, Feb. 25.—Walla Walla is not to be behind other up-to-date cities—is to be right in it and have a grand Marathon race—the second to be pulled off in the Pacific Northwest.

Those interested in bringing the Marathon to Walla Walla are a number of prominent people who are interested in clean athletics and who desire to see just what the young manhood in this part of the country can do in the way of a long-distance race.

The promoters of Walla Walla's Marathon hope to institute a standard race which will mean a distance of 26 miles and 385 yards. The race will be a Walla Walla valley affair, and will only be open to Umatilla, Columbia, Garfield and Walla Walla counties. In this territory in the schools and colleges are a number of the speediest long-distance runners in the northwest. If any of them succeed in making a record at the local event it will certainly bring them fame. Owing to the present-day craze all over the country in connection with the Marathon, the race will undoubtedly be a great advertisement for the Walla Walla valley throughout the country at large.
