Attorney and Counsellor at Law.
Rooms 15 and 16 Sommer Block.
La Grande - - - - - Oregon

NEW SCHOOL LAWS ARE IMPORTANT MEASURES

Superintendent of Public Instruction J. H. Ackerman has compiled the most important bills affecting the schools of Oregon, his resume being as follows:

First—The Hawley bill; every district in the state must maintain at least six months of school each year. A county court of each county must levy a tax for school purposes, that will produce an amount which will aggregate at least \$7 for each child of school age (4 to 20 years). If a district's share of this amount does not amount to \$300 (6 months at \$50 per month), then the county court must levy upon the property of such district a special tax large enough to produce the difference between such district apportionment of the county fund and \$300; provided that such special levy does not exceed a five-mill tax. If the district's share of the county school fund and the amount raised by a five-mill tax (special school tax) does not amount to \$300, then the county court must transfer from the county general fund to the special fund of such district an amount that will equal the difference.

Second—The Philpot bill; this bill makes a change in the manner of apportioning the county and state school funds. As the law now is the county superintendent apportions the money by first giving to each district \$50 and then distributing the balance according to the number of pupils in each district. This bill provides that the county superintendent must first give to each district \$100, and then distribute the balance according to the number of children in each district.

Third—The bill introduced by Lane county delegation; provides for county high school fund. This bill provides that a county at any general election may vote upon the question of creating a county high school fund; when such fund has been created it is placed under the control of a county high school board, consisting of members of the county court, the county treasurer, and the county school superintendent. Every high school in such county that maintains a school up to the standards prescribed by the state board of education, is entitled to receive tuition from this fund for all

pupils attending such high school. The basis of this distribution is the daily average attendance during the school year. A high school shall receive not less than \$40 per pupil for the first 20, \$30 per pupil for the remaining pupils, providing that the total paid any district shall not exceed the amount paid by the district to the high school teachers.

Fourth—The Dodd bill; gives the county school superintendent authority to make a partial apportionment of the money to any district upon the request of the board of directors of such district.

Fifth—The Cole bill; declares unlawful any secret societies which may now or hereafter exist in any public schools of this state, including high schools. It makes it the duty of each school board in the state to examine into the condition of all schools under its charge and to suppress all secret societies therein. The act does not apply to the Oregon Agricultural college or to the State university.

Sixth—The McArthur bill; the governor shall appoint by the first Monday in July, 1909, a board of five members called the board of higher curricula, the members shall serve without pay, excepting traveling expenses. This board shall first meet the first Monday in July, 1909. The duty of the board will be to determine what courses of studies of departments shall not be duplicated in the higher educational institutions of Oregon. The secretary of the board shall keep a record of such determination. It shall be the duty of each institution to conform thereto. Any charge that are made shall become effective at the time of such determination. It provides that the board of higher curricula shall visit each of the institutions and that the board of each institution shall have a hearing before the board of higher curricula relative to any change that may be contemplated.

Seventh—The Ferrill bill; this bill affects school houses by providing that the outside doors and other exits of all school buildings shall be so hung and hinged that they shall open outward. These changes must be made within six months after the time that this act takes effect.

SCRIBER PROBE POSTPONED UNTIL MONDAY, MARCH 8

The witnesses who were subpoenaed to appear before the federal grand jury in the Scriber case last week, were not called on the carpet, and those who did go to Portland and reported for duty have been directed to again appear on Monday, March 8. Among those who have returned are Receiver Walter Neidner, G. E. Fow-

ler, J. J. Carr, H. C. Rinehart, Judge J. C. Henry and Ed Rumble. None of the witnesses appeared before the jury.

Those returning report that Portland is growing and many new buildings are now in progress; the laws are green and it is springtime in the Willamette valley.

CITY ELECTION ONE WEEK FROM TODAY

One week from today—Monday, March 8—the annual city election will take place. From every indication it will be unusually quiet. Under the new law there will be no carriages in evidence, no cigars nor solicitation permitted. In fact, most of our time-honored privileges are restricted. A

number of the heretofore politicians who always like to see the political pot boil, had a quiet street conference this morning, the object being, if possible, to inject a little old-time ginger into the present campaign, but after reading the law over several times no definite action was taken, and possibly none will be.

POSTMASTERSHIP IN DEMAND.
George Hansen Resigns, Resulting in Lively Scramble for His Place.

Postmaster Hansen resigned as rumored, in favor of G. C. Scheurer, whose petition is now being circulated. Mr. Scheurer is a stranger here, recently coming here from La Grande, where he has lived the past five years. He is the manager of the electric the-

ater, and is an affable gentleman of pleasing address.

O. D. Thomlinson is circulating a petition for H. E. Vaikenant, who is a well known resident, property owner, and a man of business ability and integrity.

A petition is also said to be out for R. M. Shourds, a resident man of family, and a man highly respected, and liked by all.—North Powder News.

We Want Your Wants IN Our Want Ad Column

Your want is placed before a thousand or more want-seekers every day—Can you afford to spend one cent per word of your want ad where results are the keynotes?
