Are You Only Half Alive?

So many people look and act as though they were only half alive.

They are mere shadows of men and women once strong and robust.

Most of them are deceived as to the real cause of their trouble, which is Kidney Disease.

Diseased kidneys fail to strain out the impurities from the blood, which re-entering the circulation, course through the whole body and derange the entire system. The nerves, the heart, stomach and liver are all affected, and backache, headache and nervous exhaustion are resulting effects.

If you are this way,

Foley's Kidney Remedy

will help you.

It builds up the kidneys, so they will perform their functions properly, and the symptoms soon disappear.

Commence taking it today, and you will feel better at once, as it corrects irregularities, restores lost vitality, and will make you strong and robust.

Do not take chances on becoming a victim of Bright's disease or Diabetes, which are the result of neglected kidney disorders, when Foley's Kidney Remedy will cure you.
