**Stiff Neck.**

Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in 10 requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by all good dealers.

## PENDLETON FANS BUSY

Pendleton, March 2.—At a meeting of the amateur baseball enthusiasts of this city held in the Commercial association rooms last evening, John Dickson was elected captain, and Dick Sullivan manager of the team which is destined to be the leading kicker of the diamond dust in the Pacific northwest. The team is to be strictly amateur and will only play on Sundays and holidays, as it will be composed entirely of local boys.

The players will probably line up as follows: Catchers, Tracey Baker and Henry Collins; pitchers, John Dickenson and Clark Nelson; first basemen, Clark Nelson and Tracey Baker; second baseman, Roy Alexander; third base, Fred Hartman; outfielders,erry King, Lee Drake and Dude Devine.

Negotiations are under way for a game with Echo for next Sunday. While this is by no means certain yet, the local fans may have the opportunity to see a game next Sunday afternoon, providing there is no snow on the ground.

## TRUANTS CAPTURED

Three more little fellows were led up to School Superintendent Hockenberry this morning by Truant Officer Faulk, and what transpired after arrival there can best be pictured in the mind's eye. The trio were inattentive to studies and less attentive to school at all, with the result that the truant officer was put on their tracks. They were rounded up this morning. The oldest was about 12 and the youngest 10 years of age.

Incessant attention to these matters has been fruitful in sending many youngsters to school who violate their parents' faith and play "hooky" of which their parents lack all knowledge, and similar effort has also impressed lethargic parents with the necessity of obeying stringent school laws in keeping their children of school age in constant attendance in the learning factories.

Sick headache, constipation and biliousness are relieved by Rings Little Liver Pills. They cleanse the system. Do not gripe. Price 25c. Sold at Silverthorn's Family drug store.

Woodburn expects to be an important railroad junction and the site of carshops.

## IMBLER MAN MAY BE HEIR

It is not impossible but that "Hank" McGoldrick of Imbler, may be joint heir to \$10,000. The western states have been searched by attorneys and friends of one Mrs. McGoldrick and son John, who several years ago came west and have since fallen heir to the sum mentioned. Mr. and Mrs. McGoldrick of Imbler have been informed of the matter, but as yet have been unable to ascertain if there are any family ties between the eastern McGoldrick that died leaving a small fortune, and them. They have already commenced to trace backward genealogically in efforts to learn whether or not Mr. McGoldrick is to be smiled upon by fortune.

At present "Hank" McGoldrick is ill and unable to be at his place of business at Imbler, but he has commenced correspondence that will ferret the matter down. His brother is now living in Missoula, Mont., with another son, and it is very likely that the proper family tree has been hit upon, as the aged Mrs. McGoldrick and her son with whom she is now living, came west together, though not to Washington, as was supposed.

Western newspapers have been requested to assist in the search for Mrs. McGoldrick and her son, John McGoldrick, who settled in Washington in territorial days. They are heirs to an estate of \$10,000 in New York state, where Mrs. McGoldrick's mother died a year ago. The search is being made by Mrs. J. F. Doyle, 269 Juniper street, Waukegan, Ill., and Thomas McCann, also a resident of that city. It is the final effort in a continent-wide search, which has been in progress nearly a year, but so far no trace of Mrs. McGoldrick or her son has been found. Before starting for the northwest Mrs. McGoldrick wrote to relatives at Waukegan, giving her address as Millico, or Mill county, Washington territory. There is no postoffice of the name of Millico, nor is there a Mill county in the state of Washington.

## PETITION FOR FRY

The department of the Interior at Washington has been petitioned by the required signature of this county, to send mountain trout fry to Union county this spring, with which to restock fish streams. The supply will be planted in some of the largest and best fishing streams, but just what the quantity will be remains to be seen, as the petitioners can only do the asking and the government sends as many as it sees fit. The streams that will be stocked with the tiny fish when the shipment reaches here, are upper and lower Grande Ronde river, Five Points and Jordan creek, Meadow Brook, Beaver creek, Looking Glass creek and the Minam river.
