## PLAYERS SWARMING

Definite plans pertaining to the formation of an inland empire league are not far distant, for responses to the letters of invitation sent out from Grant Lincoln here to towns in Idaho to meet in Baker City, are coming in and agreement on a meeting date will soon be reached. The principal drawback to speedy formation of the league is the fact that Boise is yet up in the air over the inter-mountain league proposition, and if she fails to land a berth there, is over-anxious to get in with the La Grande-Baker City combination. The proposed get-together meeting at Baker will be held soon and then final arrangements will be made as to who will compose the league.

**Players Swarming.**  
There is a virtual swarming of first-class material around the La Grande head—by correspondence at least. Three-I league players that write for jobs are numerous and when the time comes for the initial bivouac on the La Grande grounds, there will be ample material on hand from fast company to pick a winning nine from.

## SQUAD GIVEN TRY-OUT

In a try-out of high school baseball material held last evening, the B. M. A. lads lost to the high school squad, 8 to 9. The club claims a strong line-up this year, but was unable to muster out its full force last evening. The high school line-up was shifted frequently to make room for every member of the student body who wished to make a showing for the coaches. Myers threw for the club team and Geddes pitched for the high school. Good material appeared on both teams and the high school squad especially.

**Little Track Work Done.**  
Sprinters especially are doing light work in preparation for the rapidly-approaching track and field season. Disagreeable weather is standing in the way of regular and satisfactory training.

## SKYLIGHTS HAVE COME

Galvanized iron frames for the skylights of the new M. & M. building are being hauled to the building today from the cars in which the order was shipped to La Grande. The week just ended saw remarkably rapid work on the finishing of the new structure. The needed detail here and there is being attended to, and now that the frames for skylights are here, glaziers will soon step to the front. March will find "finis" written on the huge structure.

**ELGIN SHIPS FRUIT.**  
Small Shipment of Apples of Fine Grade Made Yesterday.

Elgin, March 6.—(Special.)—What might be considered Elgin's first commercial fruit shipment was made yesterday when 88 boxes of a fine grade of apples were shipped by Newton Roberts. They were grown on the Slack ranch orchard. This ranch was recently purchased by a local business men's company and set to commercial orchard.

**BACK AGAIN.**  
Return and Buy Back the Old Home and Will Remain.

Mr. and Mrs. Moffitt sold their home in Union last fall to T. H. Waseer. After leaving Union they went to the North Bank of the Columbia river near Stevenson. After one winter in

that locality they returned to this city and bought back their old home. No doubt the old couple will be perfectly satisfied with Union from now on.—Union Scout.

**Good Cough Medicine for Children.**  
The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children, and it has always given good satisfaction." This remedy contains no opium or other narcotics and may be given as confidently to a child as to an adult. For sale by all good dealers.
