A GOOD RECORD

We have conducted a laundry business in La Grande for many years. There must be a reason. A trial order will explain the mystery.

Stiff Neck.
Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in 10 requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by all good dealers.

Notice.
All parties knowing themselves indebted to me, please call immediately and make settlement, as I am closing out my business. My new location is with Carl Bros., next door to Newlin Drug Co. O. M. HEACOCK.

Near Death in Big Pond.
It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in 12 years." Mrs. Soper lives in Big Pond, Pa. It works wonders in coughs and colds, sore lungs, hemorrhages, la grippe, asthma, croup, whooping cough and all bronchial affections. 50c and \$1. Trial bottle free. Guaranteed by Newlin Drug Co.

An Ideal Cough Medicine.
"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Whitshire, of Gwynnville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no opium, chloroform or morphine, it certainly makes a most safe, pleasant and efficacious remedy for the ill it is intended." For sale by all good dealers.

Our land is no more the recipient of the men of all countries than of their ideas.

STILL SEND LEAFLETS

Portland, March 8.—(Special correspondence.)—They are coming. People from every part of the United States and Canada are pouring into Oregon at the present time at a rate never before equaled, and there is evidence that travel during the entire colonist period will be enormous. Many communities are busy sending out leaflets giving the low rate from 20 or 25 points, others have the information printed at the top of their stationery and on their envelopes. Very reader of this paper should see that such a leaflet goes in each letter he sends to people at a distance. School boys and girls all over Oregon are doing their part. Remember this rate is good until the last day of April.

A most interesting acknowledgement of the apples sent by the Portland Commercial club to King Edward comes in a letter from Buckingham palace, written by General D. M. Brobyn, keeper of the privy purse to his majesty, King Edward, of one of Oregon's best known and most respected citizens, R. E. Brereton.

A little extract from General Brobyn's letter is interesting:

"The five boxes of apples which were sent to his majesty arrived quite safely and were thought very highly of by the king and others who tasted them. I write to convey his majesty's thanks for the fruit. Should we all live another Christmas, and if you will kindly send directly to me at Sandringham a small supply of these apples, writing me a few lines of warning of their dispatch, I promise to bring them to the notice of the king and his majesty's guests assembled at Sandringham at that season of the year, and will give you a full report of them."

Ontario is determined that the great Malheur project shall be realized. The people of Vale are co-operating with them—in fact all the citizenship of Malheur county is a unit, and there was never better evidence of their progressive spirit than the fact that they raised one evening last week the sum of \$2500 in 25 minutes—or at the rate of \$100 a minute—with which to advertise their resources. When one considers that Ontario has only 1500 population, this is one of the records.

Comparatively few people of the Beaver state realize that Forest Grove is nationally known as the source of America's most perfect archery bows. Pacific yew, which grows to perfection in Oregon, is the material used, and Captain P. S. Barnes fashions it with skilled hand into bows sought by experts all over this continent and even abroad. Though almost 70 years of age, the captain is himself a splendid archer, and such an enthusiast in his chosen craft that he makes personal trips to the mountains yearly to select yew of the proper grade and grain—the altitude at which the tree grows is an important factor. Occasionally a bow of rare accuracy and highest speed is created, and these are dignified with names. "Cyclone" and "Whirlwind" are famous among archers.

20 COACHES SENT BACK

All the idle day coaches owned by the Oregon Short Line and the O. R. & N., are now being hurried to Green River and other junction points, where they will be loaded with homeseekers and sent back to Oregon again. Yesterday two special trains of "dead-head" day coaches were sent through La Grande en route to points east to relieve the shortage of day coaches occasioned by the colonist travel.
