BIG PURCHASE CULMINATING.

Big Deal in Coal Properties Being Performed in Chicago.

Chicago, March 7.—The purchase of the Walsh coal properties and the properties of the Dering Coal company is culminating rapidly.

The United States Steel corporation, and the Chicago & Eastern Illinois Railroad company are negotiating jointly with the Chicago clearing house committee. The transaction, which involves securities and partly agreed values aggregating nearly \$12,000,000, has been under way for some time and is said to give promise of successful culmination.

It is understood the clearing house committee has set a price of \$2,500,000 on the Walsh coal lands, which property is held by the association among securities in lieu of funds advanced at the time the banks of John E. Walsh were liquidated.

The option on the Dering Coal company's properties, which is said to have been given the joint purchasing interests some time ago, has been accepted, but the terms have not been made public.

Officials Suppress Editors.

Madrid, March 9.—Since the publication two weeks ago of some cablegrams between General Blanco at Havana and the government at Madrid regarding the surrender of the city of Santiago, Cuba, to General Shafter on July 17, 1898, a bitter controversy has been waged here by the editors of some of the Madrid papers who wish to place the blame for the untimely and disgraceful surrender upon the government officials rather than upon the brave generals who were on the field of action to uphold the honor of Spain, and the editors of other papers who defend the course the government took. It was learned here that there was held last night a secret cabal of officials and ex-officials whose names have been used or hinted at in the controversy in such a way as to besmirch their dignity, to decide whether the further publication of all information on the subject will be stopped by censure or whether an argument will be circulated in their defense. The decision reached will be made public by the action taken and it is probable that all articles not favorable to the government side of the case will be quietly suppressed and further disgraceful disclosures prevented.

The ranking article last published contained a batch of messages sent during the war time which demonstrate that the government, when it found that Blanco was unalterably opposed to surrender, communicated directly with General Toret, the commander at Santiago, giving him a free hand to make terms.

St. Patrick's Parade.

New York, March 9.—The New York Irishmen, who have a reputation for fitly celebrating St. Patrick's day are planning to outdo all previous efforts. A general meeting was held last night by the members of the Ancient Order of Hibernians to make preparations for the big parade to be held March 17, in honor of the patron saint of all Irishmen. Three trustees were elected, and a conference of the county officers was held and the plans made by the arrangement committee were considered.

Over 1500 candidates are to be put through the four degrees of the order on Sunday night, so that they will be in readiness for the coming celebration.

There will be over 500 battalions in line, and each one will be headed by a band. All carriages except those occupied by Mayor McClellan and Archbishop Farley will be eliminated from the parade. Several other minor changes have also been made by the arrangement committee.

Pittsburg Tunnel Work.

Pittsburg, March 9.—The Gould interests, which began the expenditure of \$200,000 at the beginning of the month in finishing up the tunnels in this district, are pushing the work with great rapidity.

There are 11 tunnels on this line within a few miles and only a few of them have been lined or finished as railroad requirements specify. It is figured that to reline the tunnels with brick will require three months.

Powder Case on.

New York, March 9.—The powder case, or Powder trust, will be on tomorrow, pursuant to adjournment on account of illness of a witness at former hearing. A large number of papers have been admitted in evidence. A statement of the assets and liabilities of the company was asked for, but Counsel Button said a statement in that line could not be secured in an intelligent manner.

Rest Room in Pendleton.

With the liberal donations made by the farmers at the meeting of the Inland Grain Growers' association Saturday afternoon, the ladies of the city are now in a position to open the rest room and this will be done in the very near future, says the Pendleton East Oregonian. A total of \$185 has now been secured, \$128 donated Saturday, and while this is enough to guarantee the furnishing and opening of the room, further contributions will be thankfully received and put to a beneficial use.

Mrs. J. F. Robinson, as president of the Current Literature club, which has carried on the campaign for the rest room, will appoint a board of five or seven members to have charge of and be responsible for the rest room. Two of the members of this board will be women from the country.

As soon as the board is appointed the furniture for the room will be purchased and it is announced that all will be in readiness for the opening by April 1. The appointments will probably be made by Mrs. Robinson tomorrow afternoon.

Debate Friday Night.

It has at last been determined for a certainty that the high school debate between the Pendleton high school and that of the Sherman county high school team from Fossil, is to be held in this city. Next Friday evening is the date and the First Methodist church is the place. With the selection of the judges, all preliminary arrangements for the event will have been completed.

Cheered by their victory over La Grande, the local debaters have high hopes of again carrying off the honors.—Pendleton East Oregonian.
