### Stiff Neck.

Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While it is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in 10 requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by all good dealers.

### An Ideal Cough Medicine.

"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Whitshire, of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no opium, chloroform or morphine, it certainly makes a most safe, pleasant and efficacious remedy for the ills it is intended." For sale by all good dealers.

Our land is no more the recipient of the men of all countries than of their ideas.

## AFTERNOON WITH EMERSON

### NEIGHBORHOOD CLUB HOLDS

HIGHLY INSTRUCTIVE SESSION.

Peculiarly Pleasing Style and Interesting Life Dwelt Upon by Participants in Program—Many Phases of His Life Touches Upon.

The ladies of the Neighborhood club spent a very interesting and profitable afternoon at their club rooms on Sixth street yesterday, with Mrs. Geo. Palmer as leader. After an excellent "summary" by Mrs. Palmer, touching on all the important phases of Emerson's life as a man and writer, came a paper by Mrs. Carpy on "Emerson's Poetry," which proved very beautifully his great love for nature from which he drew his grandest inspirations. At this time Mrs. Hanna contributed some very helpful thoughts on "Personal Touches," showing how that a coming into closer touch with the man's life, his striking personality and marked characteristics might aid in a clearer comprehension of his works.

Then, as a fitting climax, Mrs. Ivanhoe gave a stirring "Appreciation," which was intensely exhilarating and inspiring, infusing into the heads of the listeners a keener desire to know more of Emerson. Following these splendid papers came the open discussion in which great interest was manifested, and at the close of the program it was heartily conceded by all to be one of the very best days in the history of the club. The ladies would urge the attendance of every member, as other days of equal importance are yet in store, which promise to be full of instruction and profit to those who come.

### MEACHAM MILL TO START.

Sawmill Will Commence on a Two-Years Steady Run.

Residents of Meacham are elated over the announcement made recently by the Meacham Lumber company to the effect that the sawmill at that place would start up in a few days for a two-years steady run. A large force of loggers have been working for several weeks bringing in the timbers from the mountains over the spur railroad tracks, run out into the timber by the company.

The planing mills have been busy steadily for about three weeks and shipments of dressed lumber are being made almost every day. The planing mills have been running off and on, all winter, but assurance has been given that it will be a long time before they are closed again.

The lumber company employs a large force of men in logging and in the mills, and the plans to run two years steadily is a material boost for the little mountain community as it assures to the locality life and activity. The payroll from the lumbermen will be more reliable and permanent than the revenue from pleasure seekers during the hot season, especially as the cold does not interfere with the other. The mills have been shut down almost a year.

## S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent in to all who write.
