### ENGINE IN PIT.

Turntable at Kamela Improperly Set and Engine Runs Off.

Helper engine No. 356, stationed at Kamela, plunged into the turntable pit early this morning, while being run onto the table to be turned. Though not seriously damaged, the plunge was sufficient to warrant a visit of the wrecker from La Grande, and at 5 o'clock the crane started from here to the summit.

The table had not been properly set when the engineer ran on the table, and when the full weight of the leader trucks struck the rails, the table swerved, throwing the pilot into the pit. The trouble was soon remedied once the crane had reached the scene. No one was hurt by the accident.

### ED MURPHY HAPPY.

Has Prosperous Business in Little Town of Marysville, Wash.

Ed Murphy writes from Marysville, Wash., that fortune smiles on his business in the live little community of 2000 inhabitants. The only thing lacking in making his present location sublimely happy was the fact that The Observer was not a regular visitor to his home town. Now that luck has been filled. Mr. Murphy was formerly manager of the Peoples store when that place was known as the Chicago store.

### WARREN MOTION OVERRULED.

Cannot Bring Another Suit Against Palmer Mill for Damages.

Al Warren's efforts to bring another suit against the George Palmer Lumber company for damages as the result of an injury sustained last year and for which a jury awarded him a small sum at the February term, failed yesterday evening when Judge J. W. Knowles overruled the motion for a new trial.

Another case to be given the same decision was that of Hewitt against Huffman.

## S.S.S. CURES CHRONIC ULCERS

Any chronic ulcer shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it, of unhealthy matter from the circulation. No treatment can have any curative effect except a medicine which will renovate the blood and entirely remove the cause. Salves, washes, lotions, etc., are sometimes helpful in reducing inflammation, cleansing the ulcer, or perhaps lessening the discharge, but such applications do not reach the blood where the disease germs are located and can never effect a cure. S. S. S. goes down into the circulation, drives out all impurities and morbid matter, and by nourishing the flesh with rich pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but by beginning at the bottom, and rebuilding broken-down tissue, and supplying healthful, healing qualities to the blood, causes the place to fill in with new, firm flesh, while it steadily but surely effects a permanent cure. The ulcer can not exist when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.
