CANAL VS. IRRIGATION

WASHINGTON, April 8. (Special)—Started within the same week by acts of Congress, and working side by side that time, the Reclamation service and the Panama canal offer interesting facts and figures for comparison.

Although the difficulties that beset the engineers and workers in the Canal zone have been numerous and varied, and their achievements worthy of all praise, few appreciate the wonderful progress made by the "conquerors of the arid west" in the Reclamation service. And they have worked almost against as great odds, been beset by as hot a sun in summer, and with snow in winter, which latter the Canal folks doubtless would be glad to have. Moreover, while the men at Panama have been at work 12 months in the year, the men in the west have been able to put in but eight months.

Most of the dams that constitute the first step in the various reclamation projects, started since the act of 1902, are located among mountain fastnesses and are not open to the ordinary means of communication. Whereas the Panama railroad already existed with its rails and wires right alongside the route of the canal. It has been necessary, in the Reclamation service, to build roads to haul the cement and other material from railroad to mountain sites. At Yuma, 12 miles of railroad had to be constructed, and the engineers are now at work on 24 miles more in New Mexico.

COMMUNITY INTERESTS

"Community interests" are rapidly cementing themselves in La Grande. One illustration of this is, how a community concern, the Home Independent Telephone Company, growing from a small company to a power and influence in two counties, has now realized that a splendid investment presents itself in the irrigation stock, and liberal subscriptions was made today by that company.

Thus it goes, the community builds up one firm by patronage of home enterprises, and in turn that enterprise aids in building up still other home enterprises.

DINNER AT MODEL FOR MERCHANTS

Shoulder-rub dinners have been instituted by the Merchants Protective Association, and tonight at 6 o'clock the first of this kind will be held in the banquet apartment of the Model restaurant. Promptly at 6 o'clock, all members of the association, or as many of them as conveniently can, will assemble at the restaurant, and, discussing social and business affairs, will partake of an ordinary dinner. Plans will be discussed in such a way that it will facilitate matters when regular meetings are called.

This meeting will be held monthly and it is believed much good will result from them in every way. Businessmen, be there tonight.

NEW SHOES COME.

Oxford and tan oxfords and pumps arrived today for Smith & Greene and they have a very large list of last's, and widths to select from. The shipment arrived today and can be seen at the store. Watch their ad tomorrow for full announcement.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

S. S. S. is the one and only reliable and certain cure for Contagious Blood Poison. This claim is not based on the treatment of a few cases of the disease, here and there, but its success extends over a period of more than forty years, during which time thousands upon thousands have found cure by the use of this great vegetable remedy. S. S. S. is first of all, an absolutely perfect blood purifier, able to go down into the blood and remove every particle of the virus of Contagious Blood Poison. It cleanses and purifies the circulation, and in this way removes the cause of the trouble. Then nature, assisted by a rich, healthy blood supply, quickly renovates and renews the system, while the symptoms of ulcerated mouth and throat, skin eruptions, discolored spots, falling hair, sores and ulcers, etc., disappear, leaving the body entirely free from the effects of this insidious poison. When S. S. S. has thoroughly cleansed and purified the circulation there is no danger of any future outbreak—the blood is pure and the cause of the disease entirely removed. Home Treatment Book containing many valuable and helpful suggestions for those who are curing themselves with S. S. S., and any medical advice desired sent free to all who write.

BRAMWELL RETURNS TO SUGAR CO

F. S. Bramwell has retired from the feed business in which he was interested with C. J. Black, and has accepted the field management of the Amalgamated Sugar company's properties, succeeding Elmer Sebbelov, who is now growing beets for the American market on the farm of Colonel E. H. Morrison, of Fairfield, Wash. Mr. Bramwell also in a sense succeeds himself, as he was field superintendent during the first years of the industry in this valley. He knows every foot of the ground owned by the company, the properties of the soils and the methods that are best adapted for their cultivation. He has begun the planting of beets and small grains on the different farms.

For Constipation.
Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation. Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Samples free. For sale by All Good Dealers."
