The picture "On the Frontier" is a thoroughly Western story that's a thriller. You can't afford to miss this monster bill.

COMMENCE FIGHT

(Continued from page 1.)

New York Young. New York will experiment with a team made up largely of youngsters and managed by George Stallings, the Highlanders being one of the few teams that Stallings had not hitherto managed. The Highlanders will only have to finish seventh to do better than last year and if you want to get a fight out of Stallings, just hint that the Highlanders won't do this.

Connie Mack's Athletics will have a veteran pitching staff in Dygert, Coombs, Bender, Plank and Schlitzler, but he has patched up both his in and outfields with some new "cloth" that he says will wear well and may bring a third pennant to Philadelphia.

The Boston Red Sox have received a heavy ante-season vote for the cellar championship, principally due to the fact that one of the first things Manager Fred Lake did after assuming control was to sell his biggest asset, the famous battery of Young and Criger. This pair were equivalent to about half the team and only in the event that the fates have been kinder to Lake than the exhibition games have indicated will their loss prove other than fatal.

Washington is feeling so good over having escaped her usual position at the bottom last year, that Joe Cantillon is making a noise like the first division. If Washington had another pitcher like Walter Johnson, who last season shut New York out three times in four days, Cantillon would be taken more seriously. Many students of the dope sheet are picking the Senators to beat out Boston and New York.

Shibe Park, the new American league plant in Philadelphia, will be thrown open to the public this season. It is the finest baseball park in the world. It is at Twenty first and Leigh streets and "Uncle Ben" Shibe spent several hundred thousand dollars on it. It will seat between 30,000 and 40,000 and is altogether adopted to a world's series, according to Mack.

In the nine years that the American league has been a major organization, Chicago, has won the pennant three times, and Boston, Philadelphia and Detroit twice each.

Best Treatment for Colds. "Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune. "Moderative laxatives; hot foot baths, a free perspiration and an avoidance of exposure to cold and wet offer treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many

instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by All Good Druggists.
