LA GRANDE STRONGEST

NO OTHER TEAM CAN MAKE SIMILAR SHOWING

Union County Meet a Week Hence—Locals Look Strong on Paper—Cove Will be Strong if Walters Enters Events—Union Not Credited With Great Pross.

One week hence, then Union. The county meet will usher in the track and field season for 1909, which La Grande awaits with fevered interest. During the training and workouts of late, much new and splendid material has developed, until today, were the meet to be held without further notice, La Grande could enter with any company and make a creditable showing.

The officials of the Union meet are commencing to look about in the matter of details for the affair. Officers will be chosen, entries made and when the pistol cracks for the opening dash of the meet, everything will be in readiness for a fast proposition. Cove has a team, the exact prowess of which is not exactly clear. However, there are rumors of fast men in that quarter. Harry Walters the erstwhile sprinter from Island City is attending school there, but whether or not he will be able to enter the meet is not known. But stories say his physical condition will not permit it, yet those who know him best say this is merely a ruse and that the same old face will appear in the Union meet. If he does not run, Cove should not figure to any great extent.

Union is likely weak excepting in the sprints, they claiming to have a winner in their black horse. Aside from him there is no known material of serious strength. Elgin may send a mediocre team, while Island City has been weakened by the loss of Walters and some weight men, and while in the race for some events, will not take the meet. This leaves La Grande as the best team on paper, and if prognostications are not at fault, the local team should come home with the laurels.

Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet offer treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon?
