This week possibly means more to La Grande than any one single week in our history. It is the intention of the Commercial club if possible to close up the subscription for the irrigation project. It has been a short but strenuous campaign for the committee, but the public have responded nobly. It is no small undertaking to secure stock subscriptions in a small community to the amount of \$100,000. It is also quite uncommon for any community to have such a worthy project to present as we have at present. The time is now at hand when the subscriptions books be closed and the working of organizing for the actual commencement of the undertaking.

The report of the grand jury of Umatilla county is looked forward to with much interest. It is known that no small time of the jury has been with much interest. It is known that no small time of the jury has been taken up in the considering violations of the local option law. A detective or two has been working in the county for several weeks and the report only will tell what is to happen.

The city council of Pendleton is considering sinking a well in the hopes of securing an artesian flow. It is to be hoped that its efforts may prove successful. One of the factors in the growth of any community is a wholesome water supply.

Weston has not given up hope by any means of continuing its Normal school and it is quite possible that enterprising community will be successful.

Words to Freeze the Soul.
"Your son has Consumption. His case is hopeless." These appalling words were spoken to Geo. E. Elevens, a leading merchant of Springfield, N. C. by two expert doctors—one a lung specialist. Then was shown the wonderful power of Dr. King's New Discovery. "After three weeks use," writes Mr. Elevens, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Infallible for Coughs and Colds its the safest, surest cure of desperate Lung diseases or nearly 50c and \$1.00. Guarantee satisfaction. This bottle sold North 10c.

Up Before the Bar.
N. H. Brown, an attorney of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For Chills, Constipation, Biliousness or Sick Headache they work wonders. 20c. New Drug Co.

PEACH CROP RUINED

WALLA WALLA, April 17.—That the peach crop of this section will be almost total failure and the apple only about half, is the assertion J. L. Dumas of Dayton, who is in Walla Walla. Mr. Dumas bases his belief on the observations which he has made in his own orchard and that of J. D. Taggard in the Touchet valley near Waukegan, and from reports which he has received from other fruit men.

Failure of the peach crop is due to the fact that fruit raisers neglected to irrigate at the proper time, and to their neglect to sufficiently thin their orchards. "I have not seen a single live bud this spring in the peach orchards," said Mr. Dumas. "Of course it may be possible that on some of the upland orchards the crop will be good, but in the irrigated districts the crops would seem at this time to be a total failure."

The crop of apples will be only half this year from appearances. Reason for this shortage is ascribed to the heavy crops of the past two years and the failure of orchardists to thin their trees sufficiently.

NOTICE TO WATER CONSUMERS.
Water consumers not on meters will please come to the City Recorder's office and fill out application before using the water for irrigating purposes.
