One thing at a time. Irrigation is the project that is before us at the present time for solution and it will require our combined efforts to succeed. Succeed we must! There is too much at stake to even consider the possibility of failure. It means prosperity if we succeed and a lost opportunity if we fail, for the very reason that it will require years to enlist as active, energetic and hard working interest from the public to go over this ground again. No better committees could be enlisted in any community as are working at present. If everyone who will receive a benefit will stand up to the rack and do his public duty this will be one of the most prosperous communities in the Northwest. La Grande and Grande Grande Ronde valley will be on the map. We have made a splendid beginning but there are several days of hard, patriotic work ahead yet to be done before our efforts are to be crowned. It means that the community interests must unite as a man. No one can lay down without endangering all that has been done. It is not a charitable undertaking, simply a gigantic business project that will bring back large dividends to all.

It is none too early for plans to be formulated to secure a county fair this fall and the farmers should be made to know that their choice products will be in demand and their interest will be needed to make our fair the success that it should be.

It is to be hoped that President Taft will be able to carry out desires to visit Alaska. This will undoubtedly result in the administration having a greater vision of the possibilities of the Pacific coast.

**Officials of Pendleton.**  
 Sunday was a big day for the railroadmen having headquarters in Pendleton. The Pendleton East Oregonian says this of the meeting:  
 Each of these officials took up the business in connection with his department. Several of those present, were here for the first time in several months and among other things the new depot and the proposed yard changes were incidentally discussed.  
 Mr. Matheson and Conley also made a brief inspection of the service on the Pilot Rock branch and it is believed that this will result in improved service. The one passenger coach on this line is decidedly out of date, being a combination smoker and day coach and equipped with only one lavatory. A box car does duty for a baggage car.  
 Those who were present were: M. J. Buckley, general superintendent; Tom Walsh, superintendent of the Washington division; W. H. Dresswell, master mechanic of the Washington division; J. H. Robb, division engineer of the Washington division; W. M. Gleason, assistant superintendent of the Washington division; R. O. Cowling, trainmaster of the Washington division; Pete Grim, roadmaster of the first Washington division; D. W. Campbell, superintendent of the Oregon division; William Conley, assistant superintendent of the Oregon division and J. D. Matheson, trainmaster of the Oregon division.

### FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my latest and most with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand woman's sufferings. What we women know best ourselves, we know better than any doctor. I know that my "home" treatment is safe and sure cure for Leucorrhoea or White Discharge, Sterility, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Ulcers of Uterus, Tumors, or Growths; also pains in head, back and loins, bearing down feelings, nervousness, creeping feelings on the spine, melancholy, desire to cry, hot flashes, nervousness, dizziness, and bladder troubles where caused by weaknesses peculiar to our sex.  
 I want to send you a complete box of my treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to look for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharge and Painful or Irregular Menstruation in young Ladies. Plumpness and health always results from its use.  
 Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this home treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address
