In addition to Pharaoh's Daughter many beautiful electrical dances are presented in a unique manner.

MANY DRIFT BACK TO VISIT LA GRANDE

La Grande Has Made Favorable Impressions With Homeseekers—Real Estate Men Say Inquiries Are Increasing Rapidly.

Homeseekers are commencing to drift back from Portland, where they went when they first came to the East.

Instances the Will has failed to make near the impression that at Ronde did. One example

an who has lived near Twin Falls for more than a year, started westward again, going through the Grand Ronde without stopping under protest, and finally reached the Williamette.

He was not satisfied with that loudly-touted district and drifted back to the Grand Ronde where, yesterday, he

was shown about. At the end of his trip he affirmed he was sorry that he ever spent money going farther and that he will buy here in strong probability.

Every real estate office in the city reports that there are great increases in the number of inquiries for salable land. The great majority of these inquiries are from eastern homeseekers who are drifting back to Eastern Oregon after touring the northwest.

This substantiates the theory that literature in distribution to homeseekers as they pass through here, is not spent in vain. It is useless to attempt to influence them to leave unless they will go to the terminal. But they are coming back and La Grande is getting its share.

ORGANIZER HERE.

Woodmen of the World Will open Crusade For Membership.

Alfred D. Cridge, district organizer for the Woodmen of the World is in La Grande today and will remain five days, doing effectual work among the members of the city and securing new ones. He has been touring Eastern Oregon on the same mission. Mr. Cridge is a hard worker, and will doubtlessly get results.

W. R. Hamilton went to Summer-ville on business this morning.
