MOTOR CARS LIKELY

Statements from O. R. & N. officials regarding the purchase of several motor cars from branch line passenger service, has been given impetus to the belief that the La Grande-Joseph line will soon be equipped with such cars.

CITY GETS NEW SHOWS

Many people were yesterday wondering why the Parker shows car was standing on the switch here when the show was in Pendleton. The car left here, came directly from the East and La Grande will be the first town to see the new attraction, the "Johnstown Flood" and "The Alps."

WILL BE AT THE CARNIVAL. The Seal Displays Almost Human Intelligence.

The arrival of the city of Al. G. Barnes whose immense collection of trained wild and domestic animals will be one of the features with the C. W. Parker shows during the coming season, has disclosed the fact that a number of entirely new and interesting-compelling features will be introduced to the public for the first time during the coming week when the shows will hold forth on the streets of La Grande in connection with the Business Men's Carnival.

spectators with all the grace of a machine idol, but he does something that no professional could do with impunity for the actual burlesques his admirers striking his foremost fins together in simulation of applause, and then, as if to show that he is desirous of sharing all the honors with his mount, he proceeds to caress the neck of the horse before he dismounts, much as an appreciative human rider would do.

This remarkable exhibition, revealing almost human intelligence on the part of the seal lion, and super-human patience on the part of his trainer, will be but one of the many new features sure to be appreciated and marveled at by all who pay the animal circus a visit during the Blossom Carnival. In addition to the various groups of domestic and forest bred animals there will also be seen the immense boxing kangaroo, an animal that clearly demonstrates his pugilistic proclivities by engaging in a regulation three round boxing contest with his trainer, at the conclusion of which he proceeds to chase the referee from the ring and remains monarch of all the surveys.

Best Treatment for Colds. "Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon?
