Adler's
Collegian Clothes

represents the highest type of ready to wear apparel America produces. The fabric, the linings, the tailoring and the fitting qualities are best appreciated when critically compared with the clothes of any other maker. The man who is painstaking in the selection of his clothes—who recognizes the real worth of a well made garment with which is combined the best features of present day fashion is the man whose attention we seek. Collegian clothes for Spring are now being shown by

NORTHWEST BREVITIES

Although it is not expected that the apple crop will be as large in the Hood River valley this year as it was last, says the Hood River News, yet it will be better than two years ago, which, like the present season is considered the off year. They expect, however, to market 55,000 to 60,000 crates of strawberries.

William Morton, of Celilo, has been fined a second time within the month for illegally selling liquor. The first fine was \$100 and this time he must pay twice as much and spend 30 days in jail.

Two thugs at Camas, Wash., yesterday added insult to injury by throwing their victim in the river, after beating him and taking away his money, \$50, his overcoat and \$30 worth of plumbing tools. He swam ashore.

A Farmers' Union has been organized at Coudon, Gilliam county, with 22 charter members. The order seems to be just what the farmers were looking for. The Union is 10,000 strong in Washington.

A concerted movement seems to have been started by some Astoria labor union to run the Japs out of that city. Every building in the city where the brown men reside or are employed was decorated with stickers last night bearing the words "Fire the Jap."

ATE HOOD RIVER

APPLES IN ITALY

G. Y. Edwards, who has just engaged in the real estate business here got a reminder Saturday that it pays growers to go to the expense of providing wrappers for their apples, by receiving two of the union wrappers from his brother-in-law in Oklahoma who stated that they were around some Spitzbergs purchased there. Mr. Edwards also says that while he was in Portland recently a guest at the same hotel with him, noticing that he was registered from Hood River informed Mr. Edwards that he had eaten Hood River apples in Naples, Italy, a few weeks ago, and on being asked what he had paid for them replied 15 cents each.—Hood River News.

THE DREWS IN IRISH ACT.

The Drews will appear in an Irish act tonight at the Pastime and press notices say it is great.

The Pattersons also have a new one to offer and this one can't fail to please those who like refined comedy. Good pictures too.

BUY A WHEAT FARM AT \$10. PER ACRE

In sunny Alberta in the Canadian Pacific's 3000,000 acre tract of wheat land east of Calgary a new district has just been put on the market at \$10 an acre on 10 years time at 6 per cent interest. This land lies directly on the main line of the Canadian Pacific Railway and was leased to the stockman for a winter range, until two years ago when their lease expired and it is now being surveyed and put on the market. The soil is a fine dark sandy loam with a clay subsoil and last year produced as high as 60 bushels of hard winter wheat per acre. There will be an advance of \$5.00 an acre on this land Sept. 1st. Fred Holmes and J. E. Reynolds shipped a car of horses & farm machinery last week to their section east of Calgary which they are going to have put in fall wheat.
