BRIEF REST TO END SOON

By the middle of the week, the track team will resume strenuous training in preparation for the coming meet, chief among which is the Eastern Oregon meet, where every possible effort will be set forth to outdo all other teams of Eastern Oregon. The Corvallis trip may yet fall through, and may yet materialize, but in the event that the former rule prevails, the team will need hard work for the Pendleton meet.

Sore and stiff muscles have been given a thorough rest and tomorrow evening light work will be inaugurated, to be followed by heavier work later in the week.

ALL CLASSES OF FARMER WELCOME

Every departure of Union county farming, should and will be fully represented at the meeting of farmers in this city next Saturday morning and afternoon. Organizer Cox is hurrying over the county in an effort to get people interested, and he reports that when ever he goes he meets the same feeling, that the red letter day for the farmer is set for next Saturday.

The fruitmen are wanted at this meeting for there will be matters of importance in their line.

Grain bags and prices on swine will be two important matters to be discussed at the Saturday meetings. Mr. Cox has several propositions to put forth that will mean better markets for the hogs and lower prices for grain bags. Therefore, it behooves all to attend.

The hay raiser is another element that should be present in large numbers for practices followed in other districts where the Farmers Union has exercised desirable influence, will be proposed and adopted in this county.

The meeting is not for union members alone, but any farmer who is progressive enough to know that this is benefit in unity, is invited.

NOTICE.

Those wishing graves cared for in the Masonic cemetery at reasonable rates should apply to the Sexton, Valentine Kraemer, or to Henry & Carr, and notice is hereby given to those in such will cease until said arrears are paid. (May 1-9)

DRILLING

There are several kinds of drilling but the kind of the kind that makes the farm pay is the drilling which makes water available. There is no need of a dry farm. The task is not so great as you may think. I have had years of experience and understand the well business thoroughly.
