## FOUR SPEECHES

(Continued From Page Six)

worthy of further investigation it is taken before the officials of the railroad, who always give the representatives of this order a careful hearing and here again it is "Reasoned" over.

The actual workings of this great order, which also resulted in other railroad orders being organized along similar lines, shows what has been accomplished and may be accomplished by simply the two great interests, the employers and the employed getting together and reasoning the points at issue together.

"The Sabbath an Economic Necessity," was the subject so ably handled by Prof. N. J. Mansager, not from the Biblical, but from scientific basis, bringing out the accepted principle that no body can emit more energy

than exists in it. Man being the most marvelous machine ever put in action, science demonstrating that if it were possible to center and control the energy in man, sufficient power would be centralized to run the largest train from San Francisco to New York, but man like any other machine needs one day out of seven to rest and permit of a relaxation of these energies, a period of recuperation.

### Advances New Theory.

Rev. C. E. Deal brought forth how closely "Labor and Vice" were related through the low wages, resulting in the inability of education and recreation, and dishonesty, which would be greatly eliminated if a just wage scale was the rule. He brought out one point that is receiving consideration as never before and that was the attitude of the purchasing public, if they would not exact the extreme cheapness of the articles purchased and refuse to touch those articles known to be the product of the sweat shop and underpaid labor, a great difference

would be the result.

The labor problem in its many phases is receiving attention as it never did before and here in our own country while conditions are not ideal, they are far in advance of other countries as a whole and the burden of the laborer is being lightened and the churches are and have been no small factor in presenting the teachings of christianity as taught by the golden rule.

Dr. F. B. Dayton of Dayton Bros. will have his office at the Hotel Sommer until tomorrow night, Tuesday May 18. If you need glasses get the best. Dozens of La Grande references; eyes examined free.

### \$100 Reward.

On the night of April 16, during my trip east, my office was broken into and my day book which contained a record of my work since November 27 last, was stolen.

So far as I know this book had no commercial value to any one except myself, unless the information contained therein regarding my patrons could be used to advantage.

I will pay \$100 reward for the return of the book and information which will lead to the arrest and conviction of the guilty person. (5-14-20) J. E. STEVENSON, D. D. S.

**Best Treatment for Colds.**  
"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet offer treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon?
